**CLERK KILLS HIMSELF**  
STOCKTON, Oct. 18. (AP)—A three-day search for Floyd Elyas, 32 years of age, clerk in the Stockton postoffice, ended today when deputy sheriffs found him dead from a self-inflicted gunshot wound to his head in his automobile on Roberts Island. He died a few hours later.

The insurgents are believed to include three groups. The first of these is the Kuomintang, which is moving both south and east from Northwest Honan. The second is a group consisting of several generals and strong political figures who are opposing the Nationalist government. These are massing along the Lunghai Railway, railroads

TARIFF ENTERS  
MORE DETOURSDemocrats and Independents  
Block Course AgainExport Debiture Plan May  
be Placed in BillEdge Calls on Hoover, Then  
Says Act Can't Pass

WASHINGTON, Oct. 16. (P)—The tariff situation became more complicated than ever today with expressions of confidence by Democrats and western Republicans that they have enough votes to insert the export debiture plan in the Hawley-Smoot bill.

Leaders of the same coalition which placed the debiture in the farm relief measure over the protest of President Hoover, only to have it eliminated after the House went on record overwhelmingly against it, said they are ready for a vote on the proposition and asserted it will pass with a comfortable majority. It won by three votes in the farm bill contest.

**NORRIS AUTHORITY**  
Senator Norris, Republican, Nebraska, author of the new debiture plan under which certificates amounting to half the tariff on farm commodities would be issued to the Farm Board by the Treasury and used to help the farmer get a better price for the crops he exports, proposed to offer the plan after the Senate completes action on the administrative sections of the bill.

No progress was made on the bill today, the Senate laying it aside temporarily to consider the nomination of the Federal Farm Board members. Rates are not expected to be reached until next week.

Senator Robinson of Arkansas, the Democratic leader, said not over a day will be necessary to pass on the debiture plan. Personally, he said, he will be willing to call

## COBBLER PEGS SICK BODIES

Amazing Career of Shoe Repairer Who Posed as  
Surgeon Eight Years Exposed in Russia

MOSCOW, Oct. 16. (Exclusive)—Strange things have happened in Russia in recent years, but that an ignorant cobbler could successfully pose as a surgeon for eight years, during which time he performed 600 major operations, absolutely baffles the imagination.

Yet that is the story of Ivan Koi-snikoff, who somehow acquired documents of one Dr. Nelaki and became assistant surgeon at the Tashkent Hospital, then chief surgeon at Samarkand, and finally chief surgeon of the group hospital in the region of Kiev.

"Nelaki" operated with brutal rapidity, but subsequent legal proceedings brought the surprising information that his mortality percentages were rather lower than the average. On the other hand, his weakness of diagnosis became a byword, and on one occasion when he himself was sick a group of colleagues said he was suffering from

for a vote an hour after it is brought up.

**PASSAGE INDICATED**  
Senator Borah of Idaho, a leader of the Republican independent group, said a poll has been started on the debiture and so far it indicates sufficient strength to pass it. Republican regulars are non-committal.

Should the bill go to the House with the debiture in it, the coalition opposition to the administration believes it will have a good chance of keeping in the bill either this or the Democratic substitute approved by the Senate for the Finance Committee flexible tariff plan. President Hoover wants the present policy of permitting the executive to change customs duties continued.

**MAY KILL BILL**  
Rather than have both proposals eliminated by the conference on the bill between the Senate and House, it is believed the Senate coalition would prefer to have no tariff bill.

For the third time within a week a Republican member of the

JUGO-SLAVIANS  
IN NEW UPROARAnti-Italian Sentiment  
Reaches Fever HeatConviction of Five Students  
for Murder DenouncedCrowds Score Mussolini;  
Many Arrests Made

BELOGRADE, Oct. 16. (Exclusive)—Anti-Italian sentiment has reached fever heat in Belgrade, Zagreb and other Jugo-Slavian towns tonight, following the official news from Pola, Italy, that an extraordinary court has passed the death sentence on five Slovene students who were charged with having shot some Fascists during the recent election.

Howling "Down with Mussolini" the crowds passed through the business section of Belgrade. Police were forced to intervene and thirty-two arrests were made. A guard was placed around the Italian Consulate at Zagreb to protect the Fascist envoy from the wrath of the Slovenes, who staged a demonstration for several hours before the police were able to restore order.

Manifestations also were held before the French and American consulates by the militant residents, who cried for French and American aid against "the Italian outrages." Insults were hurled at Mussolini by Sanghar mobs, which combined the demonstration against the death sentence with a manifestation in front of the Austrian Consulate for the return of South Tyrol to Austria.

The Pola trial was the outcome of a shooting affray during the placidity of June 24. While 100 Fascists were marching in military formation to the police, a volley of shots were fired from the woods beside the road, killing one Fascist and wounding several others.

The students probably will face a firing squad tomorrow.

# Have a greener lawn all winter!

Real Simple Directions

Broadcast Vigoro Evenly

Wet Down Thoroughly

NOW is the time to feed your lawn for richer beauty, dark green color, velvety turf—all winter long! Plant food lacking in all soils must be supplied for best development.

Give your lawn year 'round beauty by the simple feeding method illustrated here—with Vigoro! On 2,000,000 homes, grounds are beautified this quick, modern way.

For new lawns, Vigoro is equally effective. It quickens growth, makes strong root systems, increases humus. Vigoro brings finer flowers, too. Leafier shrubs and trees, a thicker hedge.

Vigoro is the largest-selling plant food. Progressive landscape gardeners and leading nurserymen use Vigoro. It's complete, scientific, properly balanced. Clean and odorless, free of weed seed. Pleasant to handle, easy to apply.

And inexpensive! Costs only 10c to 20c for every 100 square feet. Your dealer in lawn and garden supplies has Vigoro. Stop in and order from him today.

Swift &amp; Company

## FREE BOOK

"The Gardening Handbook," written by a well-known plant physiologist, contains valuable suggestions for developing finer lawns, flowers, shrubs, and trees. Write for your free copy! Address Swift & Company, 4001 Pacheco Ave., Chicago.

Vigoro comes in 100, 25, and 10 lb. bags, and in 5 lb. packages. For real results, be sure to order enough Vigoro!

Manufacturers

HOLLYWOOD POMO DRY is made from fresh, ripe California grapes, cane sugar and carbonated water. The entire product is bottled and PASTEURIZED in a spotless plant where not a hand touches the product. Today, the world has accepted "POMO" as the outstanding beverage of the century... a wonderful cooling drink, a splendid mixer. "POMO" is obtainable at all cafes, restaurants, hotels, rooming, air lines and your grocer or druggist will be glad to supply you. Be the first to surprise your guests at your next party with Hollywood POMO DRY.

## AMERICAN BIRTH RISK RUNS HIGH

Swedish Radiologist Talks to College of Surgeons

Medical Systems of Two Nations Compared

United States Obstetrical Training Scored

CHICAGO, Oct. 16. (P)—The opinion that the average woman in America takes twice as great a risk of her life in becoming a mother as a peasant woman in some remote Swedish village, was expressed today by Dr. James Heyman, Swedish radiologist, in an address before the eleventh annual congress of the American College of Surgeons.

Dr. Heyman said the lower mortality rate in Sweden was due to the fact that the Swedish government takes an active hand in the regulation of the medical profession, while in this country regulation is largely left to the profession itself.

"In every province," he said, "Sweden maintains physicians who draw most of their pay from the government, supplemented by what small fees the poor people can pay them. Because so many people of Sweden live in remote places, unable to consult specialists, every one of these men must be specially trained in obstetrics."

The obstetrical training of American medical students is sadly inadequate. The first motion picture ever made by a medical association for exhibition to the general public was shown before the congress today. An educational film, it has to do with appendicitis.

"There were 27,000 deaths from appendicitis in this country last year," said Dr. Edward Martin of Philadelphia, director of this first medical picture release.

## Senate Confirms Irwin Laughlin

WASHINGTON, Oct. 16. (P)—The Senate confirmed today the nomination of Irwin Laughlin of Pennsylvania, to be Ambassador to Spain.

The Senate also confirmed the transfer of Leland Harrison of Illinois, now Minister to Sweden, to be Minister to Uruguay.

NEW ARIZONA JUDGE PICKED PHOENIX, Oct. 16. (P)—Gov. Phillips said today that, according to the wishes of residents of Coconino county, he will appoint W. S. Norviel judge of the Superior Court of that county at Flagstaff.

## GARFIELD HEAD OF LAND STUDY

Hoover Appoints Chairman of Commission

Williams College Chief Son of Former President

Giving States Surface Rights Being Considered

WASHINGTON, Oct. 16. (P)—President Hoover is understood to have decided upon Dr. Harry A. Garfield, president of Williams College, as chairman of the prospective commission to study the advisability of turning over surface rights of Federal lands to the several States.

Dr. Garfield is a son of the martyred President. He was United States Fuel Administrator under President Wilson at the same time that Mr. Hoover was Food Administrator.

The personnel of the commission is expected to be made public within less than a week. It is known definitely that the commission will include no members of Congress.

The work of the commission as well as the men who will serve on it was discussed last night by the President with a group of western Congressmen and officials from the Interior Department. The problem was talked over after a dinner to which Secretary Wilbur, Assistant Secretary Dixon and Elwood Mead, Commissioner of Reclamation, all of the Interior Department, Senators McNary of Oregon, Thomas of Idaho, and Nye of North Dakota, and Representatives Smith of Idaho, Colton of Utah, and Leavitt of Montana, were invited.

## ITALY-PANAMA PACT SIGNED

ROME, Oct. 16. (P)—A treaty of friendship, commerce and navigation between Italy and Panama was signed today by Minister of Foreign Affairs Grandi and Minister of Foreign Affairs Arosemena of Panama.

## WHERE THE CAMEL MEETS THE BEAVER

IT'S a far cry from the desert home of the camel to the beaver dams of Canada. But Jaeger combines the beautifully soft, lustrous fur of the beaver with the light, warm fibres of the camel's hair into a coat for milady of fashion... The pleasing tone contrasts, the smart style and the unquestioned quality of a fur-trimmed camelhair coat by Jaeger merit your consideration.

For instance, the coat above is priced at \$145. There are other models up to \$225.

## PREMIER'S STAY AIDS GOOD WILL

President Hoover Wires His Appreciation of Visit  
Welcome Shows Sentiment of America, He Says  
British Statesman Speaks at Toronto Meetings

WASHINGTON, Oct. 26. (AP)—President Hoover today sent a telegram to Prime Minister Ramsay MacDonald expressing the conviction that the welcome accorded the British statesman in this country "is an earnest of the gratification felt in this country that the people of Great Britain and the United States have been brought even closer together by your visit."

The President's message was sent in response to a telegram received from Mr. MacDonald yesterday just as he was leaving the United States for Canada.

"I only express the feelings of the

## DOG BACK AFTER TEN MONTHS

Pet Lost on New England Motor Trip Returns to Iowa Home

CEDAR RAPIDS (Iowa), Oct. 26. (Exclusive)—There is a happy family at Woolstock, Iowa, today because a member who has been missing ten months has returned to the fold. Last December Mr. and Mrs. W. R. Ross, accompanied by their Alsatian dog, were motoring through New England. As Portsmouth, N. H., their dog disappeared. Yesterday a worn-out dog saw several children on the Ross lawn. It barked its delight. The children thought it some strange animal and gave it no attention. But the Alsatian insisted on being recognized and when it was cleaned up the family knew it was the pet which had disappeared in New Hampshire.

It is 1800 miles from Portsmouth to Woolstock. The animal's condition indicated it had walked all the way.

"I am glad to see you," Mr. Hoover said, "when I say that we were all grateful for the opportunity of manifesting our sincere appreciation of the spirit in which you came to us. The welcome you have received is an earnest of the gratification felt in this country that the people of Great Britain and the United States have been brought even closer together by your visit."

The Prime Minister's telegram to the President read: "On the moment of leaving American soil I wish to send to you and to Mrs. Hoover and through you to the American people my warm thanks for the welcome accorded to my daughter and myself. We shall never forget the kindness and hospitality with which we have been received and we carry away with us the happiest memories of our visit."

STILL THE SAME WORKMAN

PREMIER TELLS DELEGATES  
TORONTO, Oct. 26. (AP)—Ramsay MacDonald today was introduced as the Prime Minister of Great Britain to 1800 cheering delegates to the convention of the American Federation of Labor, but he told them "I am still the old workman I was born."

"The workman is distinguished by his mentality and the point of view he has," he said in the first address after his arrival from the United States yesterday. "In Great Britain I am a party man. Here today, my friends, I do not represent a party, I represent a whole nation. I have crossed the Atlantic as he who for the moment is charged to represent the opinion, the unity, the personality of the House of Commons."

TALES AT CLUB

In his convention address, Mr. MacDonald said an appeal to labor was the proper form in seeking world peace, and in a second address during the day before the Men's Canadian Club, he said that while he was not ashamed of being a Britisher and a Scotman, he felt "there is a common nationality in which we all belong."

The addresses were prominent on the Prime Minister's program for the day during which he was called to receive an honorary degree from the University of Toronto and to attend a reception by the Ontario government, before he and his daughter Isabel and their official party leave on a special train at midnight for Ottawa. At Ottawa Mr. MacDonald will discuss with Premier Mackenzie King the part of Canada in the peace moves considered by the Prime Minister and President Hoover.

## Pair Sentenced in Brokerage House Failure

NEW YORK, Oct. 26. (AP)—Harry Goldhurst and Charles W. Kable, indicted as a result of the failure of Kable & Co., stock and bond company, pleaded guilty in Federal Court today to charges of conspiracy and fraudulent sales of stocks through the mails.

Goldhurst was sentenced to five years in Atlanta Penitentiary, Kable received a suspended sentence. Public interest in the affairs of the concern first was aroused when it was disclosed that the company had made financial investments for Bishop James Cannon, Jr., of the Methodist Episcopal Church, south, who was one of its customers.

## Kansas Film Investigation in Prospect

TOPEKA, Oct. 26. (AP)—A "hula hula" dance pictured on the screen at a Parsons (Kan.) motion-picture theater Monday which aroused the ire of Gov. Reed, may start an investigation into practices of film distributors in Kansas.

The Governor said he had been informed by Miss Emma M. Viera, chairman of the board, that when the film was reviewed by the censors the objectionable dance scene was not shown. "It appears," Gov. Reed said, "that the film distributors sent me a copy of the film with the dance scene eliminated to the State Board of Review and sent another film to the Parsons Theater."

## ARAB ONE-DAY STRIKE PASSES OFF QUIETLY

JERUSALEM, Oct. 26. (AP)—A one-day strike today by the Arabs in protest against government regulations regarding Jewish use of the walling wall and against the procedure of the criminal courts arising out of the recent disorders passed off quietly.

## A.F.L. OPPOSES CONSCRIPTION

Universal Draft Plan Meets Convention Criticism

Policy of Nonpartisanship in Politics Reaffirmed  
Move Made for Protection of Older Employees

TORONTO, Oct. 26. (AP)—Without dissent or debate the convention of the American Federation of Labor today expressed its opposition to measures pending before Congress for universal conscription in time of war.

It adopted a committee report declaring it to be "essential as an evidence of good faith to the world that the American people shall, at least for the present, refrain from warlike preparations in the enactment of legislation."

Conscription of labor in wartime, it added, would mean that "trades unions would be dissolved."

A traditional policy of American union labor, committing the federation to a nonpartisan political position, was reaffirmed by the convention, without debate.

Private employment agencies "should be made to feel effects of competition from the free public employment agencies," another adopted resolution said, while still another asked union labor forces to support Federal census efforts next year to collect unemployment statistics, that "opportunities for dealing effectively with this vexing problem might become more numerous."

A proposal that the convention direct the federation executive to study "the important question of preventing discrimination against older workers in industry with a view to formulating definite plans to remedy the declared evil" brought considerable oratory, but little opposition.

## DOES YOUR SKIN ITCH OR BURN? ---USE POSLAM

You need not suffer another hour with that tormenting, sleep-destriving skin eruption! Get Poslam at your drugstore—only 50c. It is so CONCENTRATED, yet gentle, that itching and burning stop instantly and the sore, raw skin is soon well again. Try Poslam today!

## FREE His Case Was a Tough Test For Sargon, He Says

"When I first came down here to see you about this new Sargon treatment, I told you my case was a tough one, and that I had suffered with constipation and stom-

W. E. ODEN

ach trouble for thirty years. When you told me about the medicine and I bought a treatment, I promised to come back and tell you how it worked. Well, here I am and I just want to say, it's the finest medicine on earth."

This was the enthusiastic statement, made to the Sargon representative a few days ago, by W. E. Oden, 1615 West 11th Street, Los Angeles. In continuing his statement, he said:

"It seems to me like I've suffered with constipation ever since I was a school boy, and I've taken so many harsh laxatives in my life that my stomach was upset all the time. During the last five years, I've had a hard fight on my hands to keep going at all. I didn't have any appetite but the little food I managed to force down, nearly always caused me trouble. I suffered so much with indigestion that life wasn't worth living. I thought maybe my trouble was caused by bad teeth, so I had them all pulled out, but it didn't help me any. I just seemed to ache all over and was so nervous. I never could get a good night's sleep. A few weeks ago, my wife and I began to read the statements in the papers, from well-known people, right here in town that were endorsing this new Sargon medicine. Every night, we'd turn the pages of the paper looking for the Sargon ad. We read every one of them and they all sounded so honest and sincere. We decided I must be a worth-while medicine. So I bought a full treatment."

"Well etc. six bottles of Sargon and Sargon Pills made me feel like a new man from head to foot. My stomach is just like a new one and I can eat and digest anything I want. Every ache and pain in my body is gone and my nervousness has been entirely overcome. I have a fine appetite and am gaining weight right along. I sleep good every night and get up mornings feeling so strong and energetic that my day's work is easy. And the Sargon Pills are the finest treatment for constipation I ever used. They toned up my liver, rid my system of all impurities and regulated my bowels, without upsetting me at all."

"I never will be able to say enough in praise of the Sargon treatment. It just naturally gave me a new lease on life itself." "Go to the Owl Drug Store, 8th and Broadway, and meet the Sargon Man. He will give you the astonishing facts about this wonderful new medicine which is accomplishing such remarkable results all over the country. The astonishing record of Sargon is based on actual results accomplished; not empty promises. Sargon may be obtained at all Owl Drug Stores in Los Angeles and other cities—advertisement."

## RAIDERS SEIZE WHISKY EMPIRE Army of 130 Dry Officers Take Rum Citadels

Months of Secret Planning  
Precede Eastern Attack

Gang Had Navy, Land Army  
and Radio Signal Station

(Continued from First Page)

all the thirty-five enemy headquarters of the capture came when government agents took McMaster's key. They found him in the act of communicating with one of the empire's huge freighters, bringing 5000 cases of whisky here from St. Pierre et Miquelon. Having a radio operator with them for just such an occasion, the government agents quickly got in touch with the steamship. They learned it would be sixteen miles off Montauk Point tonight. A government destroyer immediately was sent out with the orders to seize the unsuspecting rum craft—the only one of the fleet immediately involved in the empire's collapse.

Calhoun early tonight did not reveal the location of all the places raided. One of the principal raids, it is said, was on the Manhattan clearing house of the whisky empire in an office building at 25 West Forty-third street, near Times Square. There Joseph Levin was arrested. Another raid was on a garage in the Bronx. Herman Bender was sought in a West Side apartment and agents went to the Jack and Jill chophouse in West Forty-seventh street in search of a James Murphy, said to be an old field marshal of the Kessler organization.

At the same time agents seized papers and bank accounts of the whisky empire at the Bank of America and other banks, through the use of subpoenas duces tecum. THIRTY INDICTED Calhoun said that Kessler and the other principals will be held in \$15,000 bail each on bootlegging charges. Thirty generals of the empire already have been indicted, but Kessler has not been. Calhoun and others admitted that the discovery that the whisky empire was an empire of this new mammoth ring of outlaws was a surprise to them. Kessler became the first international liquor king soon after prohibition and imported full freighter shipments of liquor from Hamburg, Germany, and ports in Scotland. He managed to remain behind the scene for years before he was arrested and unmasked as the largest rum king of the day. At his trial it was shown that he had made almost \$100,000,000 in a few years.

He served his term in Atlanta with Sweetwood, inquiries showing that he paid \$10,000 for the privilege of playing poker with Kessler and Willie Haar, the Savannah bootlegger prince, while in the penitentiary. When Kessler was released in 1925, he said, "Never again"—in a great many more words than that. He consistently denied he was in partnership with Remus, although he aided the Cincinnati rum czar with divorce evidence against Imogene Holmes Remus, the wife whom Remus later vainly shot and killed. Kessler then slipped from public attention to be forgotten—until today.

In addition to Kessler, some of the better-known principals arrested were Andrew Richards of Atlantic Highlands; Patrick Connors, a clerk of the Ambassador at Atlantic City, who is accused of handling the de luxe business of the empire there; Louis Caruso, known as Louis the Wop, and Tommy Calandrella, named as the Long Island field marshal, who handled liquor landed at Greenport, L. I. One of the principals, named in a John Doe warrant, is said to be lying in a New Jersey hospital wounded in a sea battle with Coast Guards about two weeks ago. All of those arrested were forced to spend the night in cells, no Federal judge being available tonight for the fixing of bail.

WALTER YOUNG PASSES ON SAN FRANCISCO, Oct. 16. (AP)—Walter Young, 90 years of age, one of the founders of the Olympic Club, died at his Mill Valley home tonight.

LIFE RETAINED IN  
Fruit  
De Vyne

## BLACK EYE GIVEN LADY NICOTINE

It's Much Less Harmful to  
Take Social Drink Than to  
Smoke, Doctor Says

NEW YORK, Oct. 16. (AP)—Drinking for sociability's sake is regarded by Dr. Burrill C. Crohn as less serious than "the current abuse of smoking." "The one is in fact responsible for only a very exceptional functional gastric disturbance," he said, "as to the other, many highly excitable and nervous states are founded on excessive cigarette consumption, the possible effects of which are heartburn, hyperacidity, nervous constipation, insomnia, duodenal and gastric ulcers."

Dr. Crohn spoke at the New York Academy of Medicine.

## LIQUOR BUYER CASE TO FORE

(Continued from First Page)

sent, referred to the articles from the pen of Mrs. Willebrandt during a plea for liquor abstinence pledges from all persons between 14 and 30 years of age, characterized as "the drinking period."

Mrs. Willebrandt, she said, has made an enviable record in her work toward prohibition enforcement and has revealed that the real forces working against prohibition are political ones.

Politics, rather than human nature, is showing prohibition at its worst, she asserted. GERMAN ENVOY RETURNING BREMEN, Oct. 16. (AP)—Friedrich W. Von Prittwitz, German Ambassador to the United States, who has been on a visit to Germany, sailed for the United States today aboard the steamship Bremen. He was accompanied by Frau Von Prittwitz.

## POWER BIDDERS NEAR DAM PACT

Edison Company Reported  
on Agreement Basis

City's Envoys Make Progress;  
Hope for Accord

Nevada Becomes Aggressive  
in Division Demands

BY LAURENCE M. BENEDICT  
Times Staff Correspondent

WASHINGTON, Oct. 16. (Exclusive)—Prospects for an early agreement between bidders and the government on the allocation of power from Boulder Dam and operation of the power end of the project appeared promising tonight for the first time since the present conference started at the Interior Department on Monday.

It is reported that the Southern California Edison Company has come to a substantial agreement with Interior Department officials, both as to the company's share of power, and the part it will have in handling the plant.

At the same time it is said that the representatives of the city of Los Angeles, after another all-day session in their hotel suite, are making progress in their study of the Interior Department program and are hopeful of reaching an accord among themselves on the city's stand within the next twenty-four or forty-eight hours.

The city and the Edison company are the two principal applicants and they are the ones to whom the government is looking to sign the contracts which will guarantee amortization of the Colorado River development—costs so that work can start next year. By the same token they are the bidders that must be brought together in an agreement before final plans for the project can be made.

But, although the situation seemed more susceptible of early solution tonight the conference scheduled with Secretary Wilbur again had to be postponed due, it is understood, to the fact that spokesmen for the city of Los Angeles were not yet ready to get down to brass tacks.

## GIRL SMOKING FILMS BANNED

Mayor of Lynn Adds Another  
Taboo to List That Aims  
at More Morality

LYNN (Mass.) Oct. 16. (AP)—Mayor Ralph S. Bauer today banned the exhibition in local theaters of motion-pictures showing women or girls smoking cigarettes. The Mayor recently caused to be removed a bill poster advertising cigarettes which depicted a sailor and a young woman smoking. Even more recently he put a taboo on bare knees and issued an edict against automobile sheiks and philandering husbands.

The conference with the Secretary is now set for 11 a.m. tomorrow. The order today was a series of informal meetings by different groups between themselves and with Dr. Elwood Mead, reclamation commissioner, and Secretary Wilbur.

Nevada became more aggressive in its demand for a full one-third of all power generated at the dam, carrying the matter over the head of Commissioner Mead, who turned it down yesterday in an official manner, to Secretary Wilbur. What answer he gave them was not revealed, but it is thought hardly likely he will give the Nevadans any great amount of encouragement.

## ENGINEER BLAMED FOR NEW MEXICO WRECK

WASHINGTON, Oct. 16. (AP)—The Interstate Commerce Commission's Safety Bureau today held the failure of Engineerman Redington to control speed on a sharp curve and heavy descending grade caused the accident July 17 on the Denver & Rio Grande Western Railroad near Barranca, N. M., resulting in the death of 12 employees and the injury of eight passengers and four other employees.

## ELDERLY WIFE KILLS HUSBAND

Seventy-Year-Old Woman  
in New Jersey Uses Ax

SUMMIT (N. J.) Oct. 16. (AP)—Mrs. Laura Mathilda Titus, white-haired and wrinkled by seventy years of life, today killed her 73-year-old husband with an ax. The victim, James Titus, married her forty-nine years ago. The woman, weighing little more than 100 pounds, and hard of hearing, said she slew her husband because she couldn't endure any longer his abuses. He drank heavily, she said, and was intoxicated this morning, when she struck him with the ax.

## PASSENGERS SHAKEN AS TRAIN HITS TRUCK

TRACY, Oct. 16. (AP)—The engine of a westbound Southern Pacific train was derailed and a number of passengers shaken up today when the train struck and demolished a motor truck at a highway crossing west of here. Ernest Daniels, 19 years of age, of Modesto, the truck driver, was badly injured and is not expected to live.

## ANGELENO ELECTED BY BANKERS' GROUP

SAN FRANCISCO, Oct. 16. (AP)—A. J. Mount, president of the California Bankers' Association, today announced the resignation of Frederick H. Colburn, eighteen years secretary of the organization. H. W. Sanders of Los Angeles was elected to succeed him.

## ARMY SENTRY KILLS ESCAPING PRISONER

CHEYENNE, Oct. 16. (AP)—Michael J. Boback of Chicago was shot and killed by a United States Army sentry at Fort D. A. Russell today, when he attempted to escape from the First Infantry guardhouse.

THE function of the nasal sinuses—those cavities of the skull that communicate with the nose—is to help moisten and purify the air, and assist in ventilating the nose. The sinuses also enhance the resonance of the voice. In a healthy sinus the air-pressure changes with every breath.

The nasal sinuses assume genuine importance only when diseased—for they are, by shape and location, ideal harbors for germs drawn through the nose. The secretion from their membranes drains, normally, through the nose. When, through irregular development or congestion of these membranes, the openings of the sinuses are obstructed, drainage of the secretions is impaired and conditions are ripe for the establishment of serious infection.

A common cold is usually the starting point of sinus infection

**FREE OFFER:** To induce still more people to try Ribbon Dental Cream... the scientific dentifrice with the foaming, penetrating action... we make this remarkable offer. Only Colgate... world's largest maker of tooth paste... could finance such a proposition. The resources and guarantee of this

**The brush**  
This tooth brush—the newest, most advanced type known to dental science—was designed by the Colgate Department of Dental Education... a group of dentists who have studied the needs of hundreds of thousands of men, women and children.

**The dentifrice**  
Colgate's Ribbon Dental Cream is the world's largest-selling tooth paste. More people use it... and more dentists recommend it... than any other dentifrice.

The reason for this is simply that Colgate's cleans teeth better. Colgate's contains the world's best cleansing agent—a penetrating foam that cleanses where the tooth-brush cannot reach.

Your dentist will tell you that decay doesn't start on the smooth outer surfaces of the teeth... but in the tiny crevices where food particles and mucin collect.

No tooth brush can reach these hard-to-clean places. They must be cleaned by the dentifrice. Hence the real test of a tooth paste is its ability to get down into these crevices and cleanse them thoroughly. A scientific test

recently proved that Colgate's has greater penetrating power than any of the leading tooth pastes on the market today—the secret of Colgate's superior cleansing power.

The foam of Colgate's carries a fine chalk powder... a polishing material prescribed by dentists... which polishes the enamel safely, brilliantly.

**The Colgate method of scientific tooth brushing**

After years of study and thousands of experiments, the Colgate Method of scientifically cleansing the teeth has been developed by the Colgate Dept. of Dental Education.

This Method is most effective when Ribbon Dental Cream is brushed on with the Colgate Brush. For the springy, serrated

brushes, set at exactly the right distance in a way that applies the full, concentrated cleansing power of the famous Colgate dentifrice... deep down into the "hard-to-clean" places. Only thus can you be sure of cleansing these difficult spots where decay hides.

Start today to use the Colgate Method of Scientific Tooth Brushing... and note the difference in your teeth ten days hence.

**NOTE!**

This offer is strictly limited. The Colgate Brush has been rigidly allocated to the Colgate Method of Scientific Tooth Brushing... which are co-operating in this great offer. They will not last long... once people know this announcement. So, act NOW! In a few months or even years before the offer is repeated this amazing proposition.

# Ancient Central American Ruins Discovered by Lindy on Plane Jaunt

Ruins of Mayan Cities and Temples Never Before Viewed by Civilized Man were discovered by Col. Lindbergh and his party during an airplane expedition over unexplored Central America. The colonel (left) and Anne (right) are shown with Dr. Alfred Kidder inspecting the ruins of a temple in the heart of almost impenetrable jungle. (P. & A. photo.)

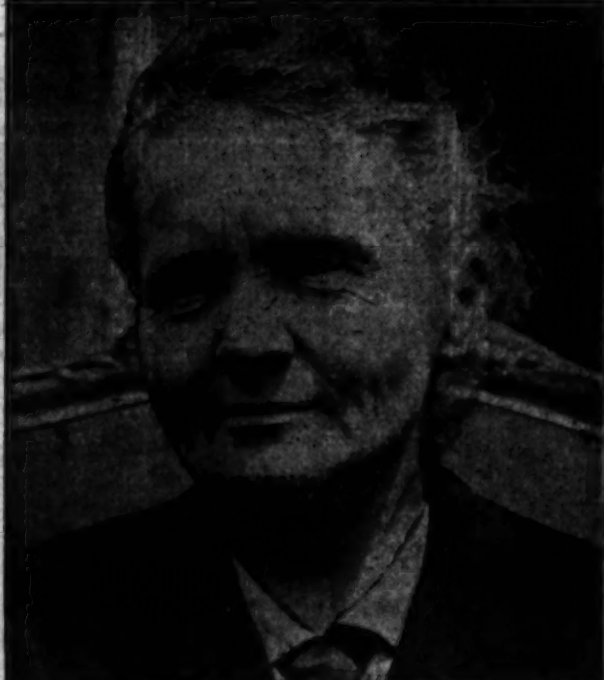

An Unnamed and Hitherto Unknown Lake deep in the unexplored wilds served as a landing spot for the flying colonel and made possible a close inspection of some of the ancient ruins. Lindy (at the oars) and member of party brought rubber boat into play. (P. & A. photo.)

Floating of the Liner Empress of Canada, Ashore Near Victoria, B. C., was completed Tuesday by salvage tugs which went to the rescue of the Canadian vessel a short time after it grounded. This airplane photo, the first to reach the gales, shows the liner high and dry so close to shore that passengers might almost step ashore. (A. P. photo.)

Roseika Dolly is Obdurate in the matter of turning over to a French court two valuable strings of pearls presented to her by her husband and not yet paid for. Former President Millerand is the dancer's attorney.

Despite the Advice of Her Physicians, Mme. Marie Curie, co-discoverer of radium and greatest woman scientist of history, braved the ocean voyage to America to honor Thomas A. Edison on fiftieth anniversary of invention of incandescent light. She arrived Tuesday. (P. & A. photo.)

Just Before He Took Off on His Last Flight With an Instructor, this photo of the Prince of Wales was taken at airdrome near London. Since that time young Wales has made his solo flight during which he looped the loop and demonstrated a complete control of his plane. He has been awarded the coveted pilot's license. (P. & A. photo.)

Under Regime of Chief Davis, Los Angeles is being given protection and service superior to any other regime, according to August Vollmer, former Police Chief and advisor to Hoover Crime Commission.

There Are Many Unusual Occupations in the Department of Agriculture, among them being that of C. F. Hutchinson who tastes more than 200 cups of tea during the average day. And the funny part of it is, he never drinks tea with his meals. (P. & A. photo.)

The American Actor, Phillip Yale Drew, was recently exonerated by a Coroner's jury of complicity in violent death of London tobaccoist. (P. & A. photo.)

Only Albino Mocking Bird Ever Known to ornithologists is a member of the feathered colony maintained as a hobby here by Capt. J. Hilton Brown, a retired seaman. The bird, shown above with Miss Elsie Bonyng, was captured in South America and is valued at \$1500. (P. & A. photo.)

Following in Footsteps of Famous Brother, Senorita Estela Carranza has entered the Emilio Carranza School as a civil aviation student. Emilio Carranza was killed in plane crash in New Jersey after flight from Mexico City. Photo shows Estela registering. (P. & A. photo.)

The Flapper on the James Cagney, the gangster Chicago, has returned to his old home five years in New York. (P. & A. photo.)

Father Paul Schulte of Germany is in the United States to raise funds to finance airplane missionary expedition into pagan Oramboland, Africa. (P. & A. photo.)

Comfortable Depths of fur adorn practically all the late fall and winter coats of cloth. This smart veiled cloth coat is trimmed with fox. (P. & A. photo.)

## HIGH LIGHTS OF HISTORY 1474

The Story of the World War  
244—The Advance of the "Yankee" Division.

by J. CARROLL MANSFIELD

THE 26th AMERICAN ("YANKEE") DIVISION, COMPOSED OF NEW ENGLAND NATIONAL GUARD REGIMENTS AND LED BY MAJOR GEN. EDWARDS, WAS THE "PIVOT" DIVISION ON WHICH THE FRANCO-AMERICAN DRIVE FOR SOISSONS HINGED.

AT 4:30 O'CLOCK ON THE MORNING OF JULY 18, 1918, NEW ENGLAND "DOUGHBOTS" ADVANCED ACROSS FIELDS SWEEPED BY ENEMY SHELL FIRE, AND REACHED THEIR OBJECTIVE, THE FORTIFIED VILLAGE OF TORCY, IN 55 MINUTES.

ON JULY 21 ST THE "YANKEES" FOUGHT THEIR WAY ACROSS THE SOISSONS-CHATEAU THIERRY ROAD, AN IMPORTANT ARTERY SUPPLYING THE GERMANS IN THE MARNE SALIENT, FORCING THE EVACUATION OF CHATEAU THIERRY.

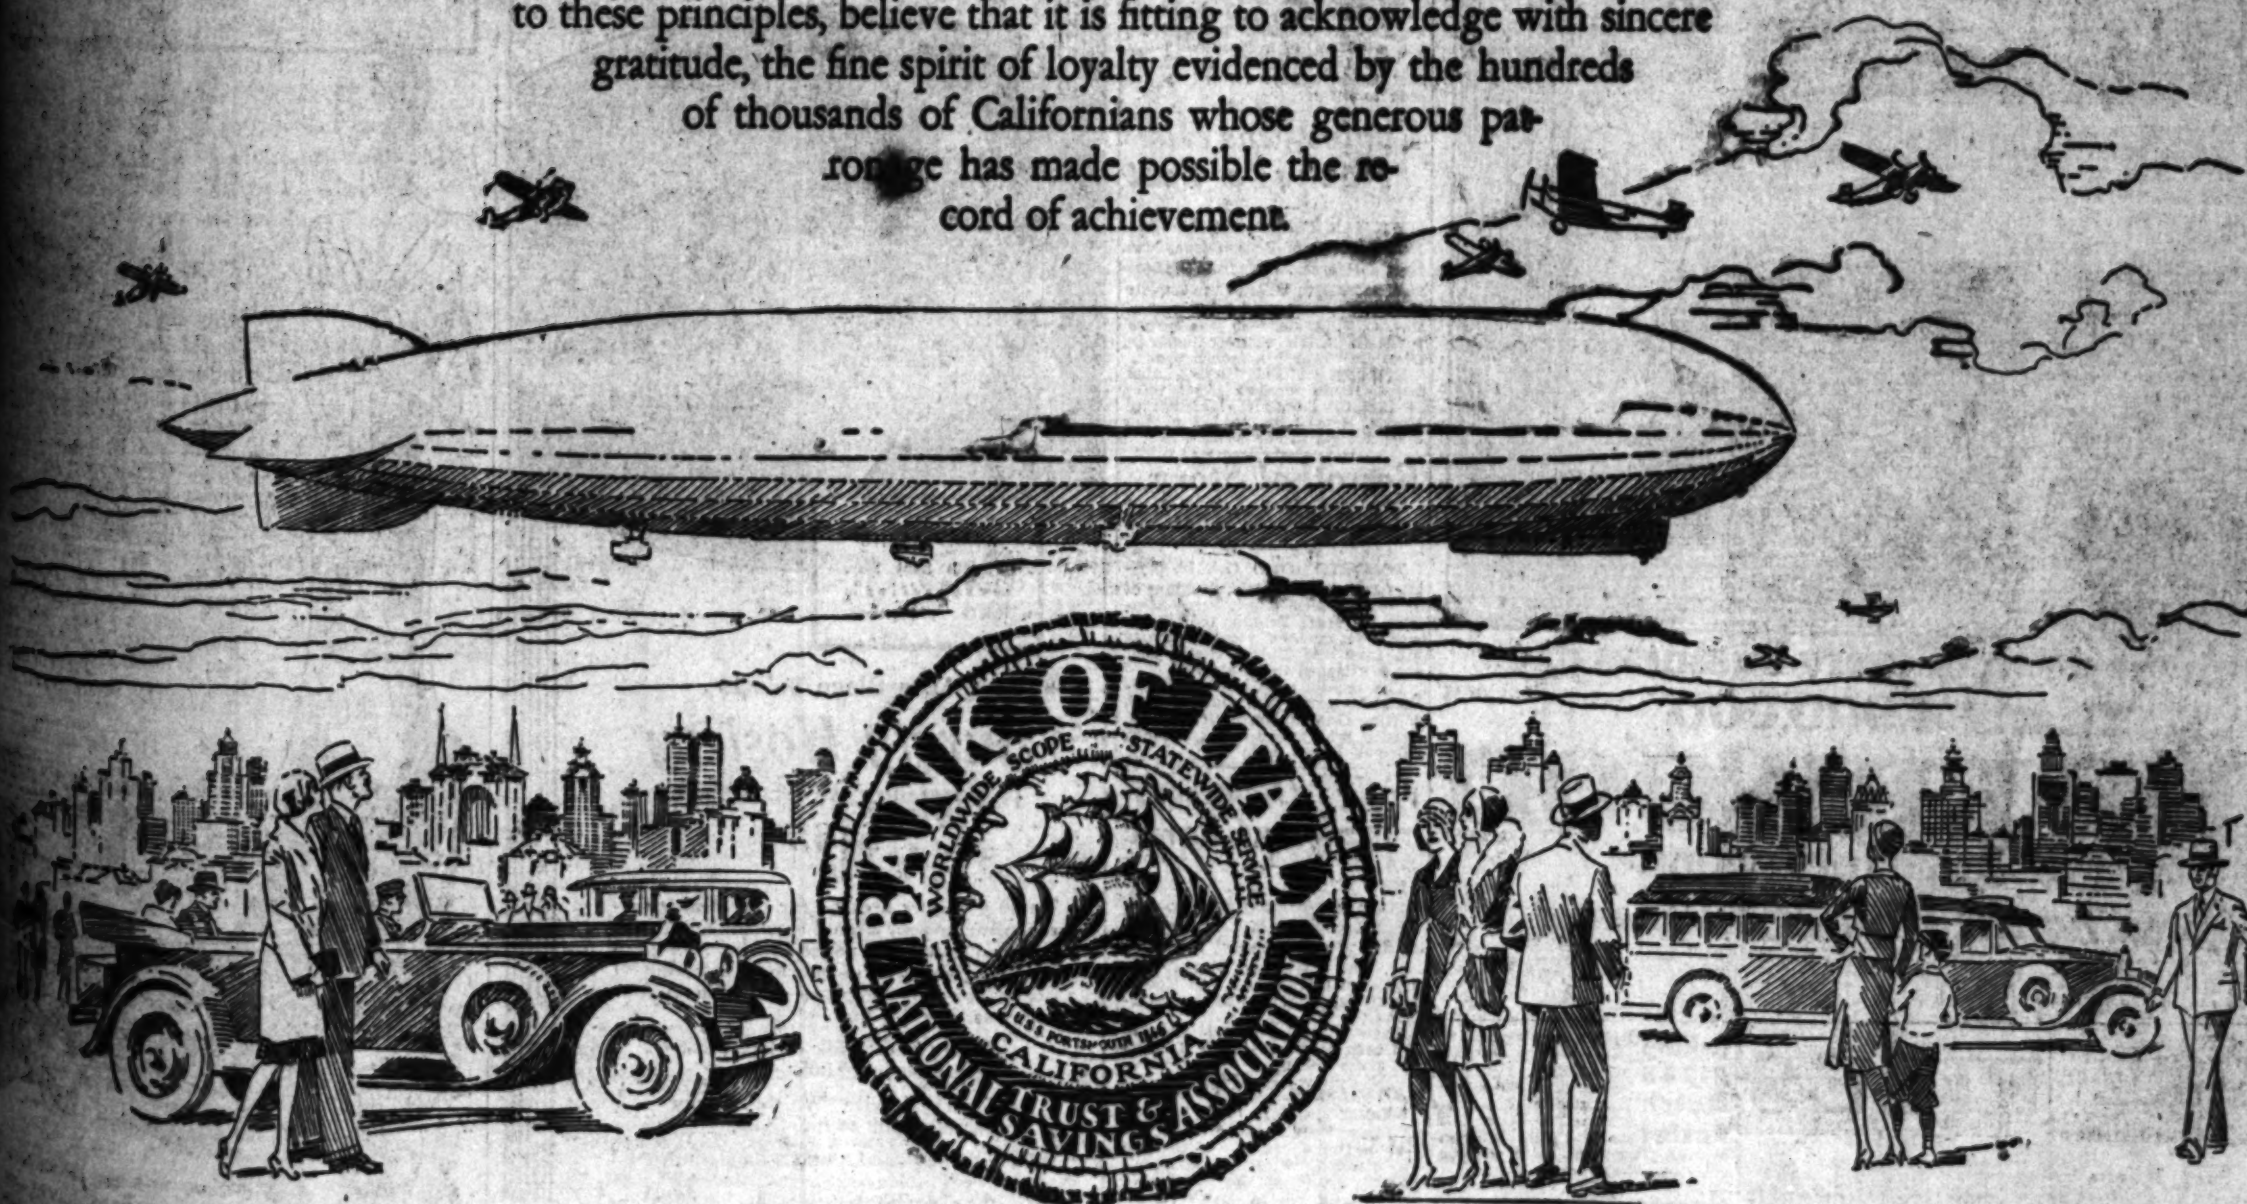

PUSHING THE ENEMY BEYOND THE MARNE SALIENT, THE 26th DIVISION, RELIEVED BY THE 42d AMERICAN DIVISION, THUNDERED ON TO EPIRE.

For a Quarter of a Century  
Bank of Italy

HERE is a story of trail blazing, of pioneering and empire building...measured in progress and achievement, as well as in years! Since October 17, 1904...when the Bank of Italy first opened its doors for business...sweeping changes, unmatched in other chapters of the world's history, have been made in modes of living, the habits and customs of the people, and in business methods and practices. In terms of material progress we are far removed from the days of the hansom cab, the two-cylinder automobile, and the usage of a generation typified by these vehicles. The era of aviation and of radio is upon us. While in its own program of development, the Bank of Italy has kept pace with the changing demands of the day...always in stride with the requirements of business...yet in its belief in and interpretation of the fundamental principles of sound and prudent banking there has been no deviation from the course-laid out twenty-five years ago, when the institution was founded. Character, integrity, honesty and fair dealing remain the same. There can never be compromise with right. The fundamental rules, described by the founder of the bank at its inception, must prevail, without reference to time or circumstance. There is now, and always will be, the strictest interpretation of these precepts "...of the people, by the people, for the people..." which have endured in the policies of this institution for a quarter of a century. The directors and officers of the Bank of Italy, in renewing their expression of adherence to these principles, believe that it is fitting to acknowledge with sincere gratitude, the fine spirit of loyalty evidenced by the hundreds of thousands of Californians whose generous patronage has made possible the record of achievement.

RIVING THE ENEMY BEFORE THEM, THE  
 SHED ON TO EPIEDS. JULY 25, AFTER A  
 EK OF HARD FIGHTING, THE 26<sup>TH</sup> WAS  
 LIEVED BY THE 42<sup>ND</sup> AMERICAN ("BAND")  
 TSION. TOMORROW - THE 1<sup>ST</sup> AND 2<sup>ND</sup> DIVISIONS  
 BEFORE SUPPLY.

The New FOREMAN &amp; CLARK Clothes Appeal to Every Man

# Youthful in Style Spirit and Price

TRADE UPSTAIRS  
AND SAVE \$10

The STRATFORD

The KENWOOD

The STRAND

## NO MIDDLEMAN PROFITS

From factory to YOU through our Upstairs Stores. We manufacture and sell only our own clothes. Our prices are established—\$20, \$25 and \$35. We hold no "bargain sales"—have no left-overs. Day by day, fresh from our 5 great Daylight Factories go shipments of advanced styles, exquisite in tailoring, faultless in fit.

With the sale of the garment and the assurance of customer satisfaction in style and fit our responsibility Only Begins. Three weeks after the sale the customer receives a card from us asking if there is any alteration he wishes, the necessity for which might not have been apparent at time of purchase. If so, he is cordially urged to bring in the suit—alterations required are made by expert tailors Without Cost To Him. F & C service does not stop with this. After 6 months the customer receives a letter which is a checkup on wear, color fastness, fit and other points. Our customers must be continually satisfied. That 83% are "repeats" reveals how thorough is our service.

## OUR Five Famous Reasons

- 1 Coast-to-Coast Upstairs Stores
- 2 Upstairs rentals, Yearly Savings Over \$1,000,000
- 3 \$10,000,000 Written Guarantee
- 4 Our Own 5 Big Daylight Factories
- 5 Cash Business—No Credit Losses

HERE are the approved fashions of the Style centers of America and Europe. A variety of models that is phenomenal. The cut and character of the garments made by tailors of fashion. At sensible Foreman & Clark prices. The thrifty well dressed man knows \$20, \$25, or \$30 is enough to pay.

A range of colors and patterns which set a precedent for clothing marked double these prices. They have the simple elegance, the soft flexibility of fabric, the moulded hand fashion touches on tailoring, the graceful easy lines, and all the fine touches of the custom-tailored originals, down to the unseen hand-stitches of their superbly tailored insides.

See these new Foreman & Clark models now and compare them with higher priced garments. No mark-up in prices because the styles are new and the garments but a few days out of our factories.

## 36 Hand-Tailored Operations

in building our garments—each an achievement in finer workmanship. By hand, sleeves are draped, shoulders shaped, collars felled, edges taped, inner front built, lapels rolled. The exclusive F & C Inner Front is one of the greatest contributions ever made to customer comfort, to long-wear. It withstands every body movement—soft and pliant, light and supple, yet strong with the strength of fine Linen Canvas from Belgian flax fields, soft with SilverHymo.

All fabrics used in our clothing come from internationally known and accredited mills—all are tested before acceptance in our laboratory for weave, weight, color, strength and stress. We employ 10 tests, identical with the tests used by the U. S. Bureau of Standards. We have no knowledge of any other clothing manufacturer who goes to this great length to insure this standard of quality. All fabrics are shrunk thoroughly by us, as well as by the mill; by the London full 3-day cold water process.

## Tucked

## In the Pocket

of every Foreman & Clark suit and overcoat is our WRITTEN GUARANTEE, the broadest, clearest, strongest ever given by any concern. We give it, as MAKER and RETAILER. We guarantee fit, wear quality and satisfaction. This guarantee also gives a FREE after-purchase service. This lasts as long as the garment. We sponge, press and minor repair every F&C suit or overcoat. No matter where you are, if there's an F&C store use this service. It is yours to command.

## BALLARD RAISES ESTIMATE

Edison President States Net Income for 1929 Will Run Better Than \$3.50 on Common

By EARLE E. CROWE

Unexpected increases over estimates on volume of business for the Southern California Edison Company in September and October have prompted R. H. Ballard, president, to revise his figures on earnings for the year. He said yesterday that net income after all charges will probably run better than \$3.50 a share, which is an increase of 10 cents a share over his previous estimate.

This is the second time this year that Edison business has outstripped expectations. Earlier in the year Mr. Ballard computed the year's net income at \$3.25 a share on the common. After his return from Europe in August, he checked up on volume and sales and found that \$3.40 would be more accurate. Now, after allowing, moreover, for the effect of the recent reduction in rates, he has raised his estimate to \$3.50.

The latest figure for 1929 compares with \$3.10 a share in 1928, and with annual dividend requirements of \$2 on the common.

## Exchange Sets Date to Start New Building

Ground-breaking ceremonies for the new \$1,000,000 height-limit Los Angeles Stock Exchange Building will take place next Monday afternoon at 3:30 o'clock with an anticipated attendance of more than 400 civic leaders and corporation executives, John Earle Jardine, president of the exchange, announced yesterday.

Part of the Meredith Building on Spring street, where the new financial structure will rise, will be completed by Saturday and active construction will start on the new building, which is estimated at \$1,000,000, within a year.

## FIRESTONE TIRE PLANS EXPANSION

Issue of \$60,000,000 in Stock and Split-up Due for Announcement Soon

NEW YORK, Oct. 16. (Exclusive)—The Firestone Tire and Rubber Company will announce within the next twenty-four hours a \$60,000,000 stock issue, the largest in the history of the rubber industry. The issue will consist of 6 per cent preferred stock and will be underwritten by a syndicate headed by Otis & Co., the Cleveland Trust Company and the National City Company.

The plan, in addition to the preferred stock issue, calls for the splitting up of the Firestone common stock on the basis of five new shares for each old share. Each share of new preferred stock will carry a stock purchase warrant entitling the holder to buy one share of new common stock on a sliding scale, starting at \$55 and going up to \$100 over a period of years which will end in 1933. The additional capital will be used to retire the existing 6 per cent and 7 per cent preferred stock issues of the Firestone and to finance proposed expansion of the company's chain of retail stations.

**RESULTS SURPRISING**

In September and the first half of October, Edison business income has surpassed the normal expectations plotted by the company's engineers.

Since this program of extending lines and service will continue, the Edison president holds that the company can continue to look for larger gross earnings, larger net income, greater operating efficiency and more reductions in the cost of service to the consumer. The most recent cut in rates, voluntarily sought by the company, saved customers about \$1,400,000 annually.

## Net Profits of Knudsen Creamery Up

Knudsen Creamery Company yesterday reported earnings for the month of August of \$118,852 before interest charges and Federal taxes, as against \$118,822.78 for the previous month, an increase of approximately 2 per cent. These earnings, however, are based on a 12 per cent interest charge on outstanding debentures.

For the five months ended August 31, net profits after depreciation, interest, taxes and Federal taxes were \$569,446, or at the annual rate of \$1,138,892. This is equal to \$9.30 a share on the Class A stock and \$4.25 a share on the Class B and C combined.

## Storage Battery Plans Entry of Investment Unit

PHILADELPHIA, Oct. 16. (Exclusive)—Directors of the Electric Storage Battery Company voted today to issue one additional no par common share for each preferred and common share outstanding and the distribution of an accumulated cash surplus of \$9,841,775, equivalent to \$11 a share on \$98,525 preferred and common shares outstanding, through the formation of the Electric Storage Battery Company Investment Unit having the expressed purpose of advancing the business and interests of the battery company.

## Beverly Hills Bank Plans for Capital Boost

Stockholders of the First National Bank of Beverly Hills on November 12, next, will vote on the recommendation of the directors to increase the capital stock from 12,500 to 14,750 shares and to reduce the par value to \$20 per share. Richard L. Hargreaves, president, announced yesterday. They will also act on waiving rights to approximately 700 shares of the new stock which will be offered for sale chiefly to Beverly Hills people.

## Net Profits of Gas Utility Up

American Natural Gas Corporation in a report issued yesterday showed gross revenues including other income for the eight months ended August 31, last, of \$7,700,542.47, as compared with \$7,050,618.00 for the corresponding period of 1928, an increase of \$649,924.47, or 9.2 per cent. Operating expenses, maintenance and all taxes totaled \$4,317,731.77, as against \$4,164,691.58, leaving gross corporate income before interest, depreciation, depletion, etc., at \$3,382,810.70, as compared with \$2,885,926.42 for the twelve months ended December 31, 1928.

## United Gas in Bid for Utility

PHILADELPHIA, Oct. 16. (AP)—The United Gas Improvement Company announced today that it has made an exchange offer to purchase Class B and Class A common stocks of the Commonwealth Utilities Corporation.

## Majestic Radio to Offer Rights

CHICAGO, Oct. 16. (Exclusive)—Stockholders of the Grigsby-Grunow Company, makers of the Majestic radio, will be given the right to subscribe for one new share at \$40 for each seven shares held, it was announced here today. On the basis of the present market the rights are worth about \$5 each. Proceeds of about \$100,000 will be used to finance the purchase of a new plant.

## CHICLE CHEWING BILL RUNS HIGH

Annual Expenditures for Gum in America Placed at \$140,000,000

Americans will spend approximately \$140,000,000 this year for the chewing-gum product of United States manufacturers, and an average of 117 sticks of gum per person will be chewed, according to an estimate just made by the publishers of Encyclopedia Americana. Consumers throughout the world will contribute a total of \$174,000,000 for American gum.

## Mine Plans for Listing on Curb

Application has been made to the Los Angeles Curb Exchange by the Gold Ace Mining Company for permission to change its name to the Sierra Trading Corporation and for recognition of an increase in its capitalization from 1,500,000 shares to 5,000,000 shares of 25 cents par value.

## SANDERS NAMED TO BANK POST

Chosen New Secretary of State Association to Succeed F. H. Colburn

By W. Sanders of the Citizens National Trust and Savings Bank has been elected secretary of the California Bankers' Association, succeeding Fred H. Colburn, who resigned on his own request due to ill health after holding office for eighteen years.

A. J. Mount, president of the association, announced yesterday following a meeting of the executive council.

Mr. Sanders, who will move to San Francisco to take up his new duties immediately, has been prominently identified here with the work of the American Institute of Banking and Finance, president of the Los Angeles chapter, which is the second largest of the 200 chapters throughout the United States.

## ECONOMIST SCENTS DANGER

Expert of Chase National Sounds Warning Against Radical Change in Banking System

By JOHN F. SINCLAIR

MINNEAPOLIS, Oct. 16.—Dr. B. M. Anderson, economist of the Chase National Bank, New York City, issued a word of warning against any revolutionary changes in the form of banking which has helped to make America great and powerful.

A system of branch banking, says Dr. Anderson, is not in itself an absolute guarantee against troubles, difficulties and failures. He refers to the Home Bank of Canada, with seventy-eight branches, and the Merchants' Bank of Canada, with 400 branches, both of which failed. The same condition occurred in 1927 in Japan.

## SELLING WAVE SINKS VALUES

Sharp Break Hits Market in Last-Hour Raid

Grist of Bearish Reports on Trade Speeds Drop

Worst Slump of Day Occurs in Utility Shares

NEW YORK, Oct. 16. (AP)—The secondary reaction, in preparation for which Wall street has been shortening its sales, broke over the stock market with a deluge of selling in the last hour of trading today, and sent prices into one of the most precipitous declines of the year.

Bears took advantage of the rather demoralizing industrial news, including sharp declines in steel mill operations and total loadings of revenue freight, to launch an attack which sent traders long of stock into hurried retreat and uncovered steep losses orders like strings of firecrackers.

When I asked E. W. Decker, president of the Northwestern National Bank of Minneapolis, whether he considered the situation a "halfway house," he said: "It is a very candid and frank statement of the problems involved in branch banking. Perhaps now he will turn his attention to another study equally important—that of chain and group banking."

## One Investor's Experience

LESS than four years ago, one of our clients purchased 60 shares of Cities Service Company Common Stock at \$42 per share, or a total investment of \$2,520. He has since invested \$961.73 additional cash by exercising subscription rights for the purchase of 17 shares, increasing his total cash outlay to \$3,481.73, and his holdings to 77 shares. The four-for-one split-up of Cities Service Common in March, 1929, gave him 308 shares of the new stock. Moreover, by allowing stock dividends to accumulate and reinvesting cash dividends, as received, in additional Cities Service Common at the market price, he has increased his total holdings to 395 shares, which at the current market price of the new stock, around 68 (corresponding to a price of 272 for the old shares), have a cash value of \$26,860 or 7.70 times his out-of-pocket investment of \$3,481.73.

Write, telephone or call for complete information regarding Cities Service Company Common Stock.

## 30 Shares of Common Stock Now Paying 16% Dividends As a Bonus

SCAN the market as much as you like, but we doubt if you can find as great a bargain as the one we recently suggested to a client. Note its outstanding features:

- a 6 1/2% security, due in five years, selling at a discount to yield 7%.
- as a bonus, holders receive without charge 30 shares of common stock, now paying 16% dividends on its par value and selling at \$2.85 per share.
- stock purchase privilege entitles holders to buy 100 shares of common on a basis of immediate value.
- present earnings are at the annual rate of 8 times interest requirements.

We believe this issue presents an exceptional opportunity. Details on application.

## Timken Axle in Earnings Gain

CLEVELAND, Oct. 16. (Exclusive)—Timken Roller Bearing Company today reported for the quarter ended September 30, last, net earnings of \$3,781,660 after all charges, including taxes and depreciation, equal to \$1.50 a share on 2,497,719 capital shares, as against \$1,194,973, or \$1.74 a share in the preceding quarter.

Net income for the first nine months this year was \$12,180,878, or \$5.09 a share.

DR. WATKINS TO SPEAK

Dr. Gordon S. Watkins of the University of California at Los Angeles, returned recently from Europe, will address the regular monthly meeting of the Building-Loan Secretaries' Association of Southern California at the Windsor Tea Rooms at 6:30 Friday evening, J. Royden Esley, arbitrator, will also address the meeting, as will also David M. Roth, memory expert.

## Sponsored by PICKWICK

Realizing the absolute necessity for providing comfortable sleeping accommodations on long lines, Pickwick officials have devoted immense efforts to the development of these facilities.

Now after a year and a half of experimentation, Pickwick presents the Nitecoach, world's first motor coach sleeper. Operation will be under the direct supervision of Pickwick executives.

What the Nitecoach offers is unique, is explained in detail in a circular which will be mailed you on request.

## Small-town, old-fashioned disadvantages?

THESE BIG ADVERTISING ADVISORS... said you wouldn't be interested... in the 6% certificates... of a small-town, old-fashioned institution... like the MUTUAL Building and Loan Association OF POMONA... and generally advised us... not to throw advertising money away... in the Los Angeles papers

SANTA ROSA      RENO, NEVADA

## FEWER DEATHS REQUIRE ATTENTION OF CORONER

With a total of 280, there were exactly fifty fewer deaths requiring coroner's certificates in Los Angeles county during September than were recorded in August. It was revealed yesterday in the report issued by Coroner Nance.

Deaths from several causes showed a slight increase, however, by a marked decrease in deaths from natural causes, traffic accidents, industrial accidents, homicides and drownings.

Deaths from natural causes led the monthly list, with a total of 134. There were fifty-four traffic

fatalities, 32 suicides, 18 industrial casualties, 8 deaths each from burns and falls, 5 homicides, 4 each from drowning and electric railway accidents, 3 each from alcoholism, poisoning and illegal operations, 2 each from airplane accidents and unknown causes, and 1 each from steam railway accidents, discharge of firearms, crushing and infection.

Of the total dead, 203 were males, 76 females and 1 of undetermined sex, due to the presence of only part of a skeleton.

The coroner's office, the report shows, performed 197 autopsies, conducted 83 investigations, conducted 80 inquests and made 16 chemical analysis examinations.

his opinion as to its validity. Councilman Davis attempted to quash Randall's motion, but got very little in the way of a definite answer.

WEBSTER SAYS NO  
At last Councilman Webster said he would take the brunt of holding consideration up for a week by voting against suspension of the rules, which needs a unanimous vote. He was joined in the negative vote, however, by Davis, Henning and Ingram.

The other members of Council, by their votes, appeared to be ready to vote for the law yesterday, in spite of the fact that Randall kept the matter in secrecy until the last minute.

HUSBAND JUST VANISHED  
Marrin W. Nichols left home one day. His wife, Marguerite Nichols, waited for his return. He never came back. Such was the story she told yesterday to Superior Judge Yanovich when Mrs. Nichols went before him seeking a divorce on the grounds of desertion. A decree was granted.

## SHE SEEKS FREEDOM FROM FILM HUSBAND

William Boyd

The newspaper is the friend of the family, the bringer of tidings from other friends," said Max Binkheim, publisher and editor of Women of the West, yesterday afternoon in his second address before the Laguna District Woman's Club in their meeting place at Salvation Hall.

"The newspaper," continued Mr. Binkheim, "brings together buyer and seller to the benefit of both. It is part of the market place of the world."

Quoting the advertising manager of a large eastern concern, Mr. Binkheim concluded: "Advertising is a tonic. It is meant to build you up. It is not a stimulant. Good advertising must always be thought of as a building-up process."

He then turned to the subject of the building-up process.

## WIFE SUES ACTOR BOYD FOR DIVORCE

Spouse of Screen Player Asserts He Told Her of Being "Not Interested"

William Boyd, motion-picture actor, was sued for divorce by his wife, Elinor Fair, actress, in a complaint filed by Attorney Milton Cohen yesterday.

Boyd asserted that he was not interested in her and that he intended to do as he pleased. When he was absent from home, she said, which was frequently, he refused to explain his absences.

telling her it was none of her business.

The couple were married January 1, 1926, and separated September 16, last. A property settlement out of court indicates an uncontested suit, attorneys said.

## MOTORCADE FROM SOUTH VISITS HERE

Highway Experts from Louisiana and Florida in City After Long Journey

Highway experts of Louisiana and Florida, after traveling half across the continent in a motorcade, arrived here last night headed by the acting Mayor of New Orleans, R. E. Clark.

Clark, who had charge of the administration of New Orleans during the strike of a group of street workers while the actual Mayor was in the hospital, was one of the group of 240 motorists in the motorcade that left Pensacola, Fla., a month ago over the Old Spanish Trail.

The motorcade originally was made up of 100 motor cars with four persons in each car. Only sixty-eight of the cars reached Los Angeles, which had been designated as the "end of the trail."

Many prominent personages of the Southern States joined in the motorcade at its passage through the various cities of the Southern States. Among them were Mayor Harvey Bayless of Pensacola, Fla.; Mayor David H. Davis, Miami, Fla.; Mayor Maurice B. Thayer, St. Petersburg, Fla.; R. E. Clark, acting Mayor of New Orleans; Frank Monteleone, New Orleans; Sam Bailey of the Automobile Club of Arizona; O. H. Wernecke and William H. Tobin.

F. R. Smalley, official representative of the Chamber of Commerce, and a group of business men met the motorcade at Santa Ana and escorted it into Los Angeles. The headquarters of the party is at the Alexandria, where several banquets and receptions will be held during the week.

"We have traveled almost 3000 miles by automobile and we had a tough time, but to arrive in Los Angeles makes up for all our hardships," asserted Clark, acting Mayor of New Orleans. "When I left my town they were just on the point of beating the walking delegates who are conducting a strike of the street-car workers. I hated to leave a good fight, but the folks back home don't need much more help."

RELATIVITY TALK LISTED  
The third lecture of the series on relativity will be given at the Central Library Saturday at 8 p.m. by Dr. D. M. Morandini. The speaker's explanations of Einstein's theory of relativity are easy to follow, making them popular lectures for the layman.

PROPERTY OWNERS TO MEET  
Owners of property on Queen Ann Place will hold a meeting at 8 p.m. Saturday, in the Playground Auditorium, it was announced yesterday.

## Body Recovered at Fish Harbor

The body of Harry Omori, immigration interpreter, 38 years of age, of 910 Fries avenue, Wilmington, was found floating in Fish Harbor yesterday morning. He was seen last at 12:15 a.m. the 11th inst., leaving a near-by yacht in a skiff, from which police believe he fell and was drowned. The body is at Wood's Mortuary, Wilmington, pending inquest.

ARTIST WILL LECTURE  
Mrs. Barbara Morgan will lecture on water-color painting at 2:30 p.m. Saturday in the galleries of the Los Angeles Museum at Exposition Park. The talk will be third in a series being sponsored jointly by the museum and the California Water Color Society. Mrs. Morgan will illustrate her lecture by painting a water-color.

## Plans Ordered Drawn Up for New Terminal

Acting General Manager George Nicholson, who also is harbor engineer, yesterday was authorized by the Harbor Commission to draw plans and specifications for a general cargo terminal at Berth No. 147 on the east bank of the west basin, near the Los Angeles Steamship Company's berth in Wilmington. Nicholson recently urged the need for the terminal because of the increase in general cargo and congestion facing port wharves. He estimated the cost at approximately \$940,000.

After studying the completed plans and specifications the commission is expected to set a time calling for bids on the proposed general cargo terminal, which will be the first in the west basin area.

## Society Leader Cited Into Court

Templeton Wood, Pasadena society leader, was cited into court yesterday on contempt proceedings, having refused, it is asserted, to give up the custody of his child, awarded his wife, Mrs. Matilde Wood, on a court order.

The Woods were divorced some time ago. At that time custody of the child, Marguerite, 4 years of age, was awarded to Wood. Later Mrs. Wood had the order reversed.

OIL DRILLING ALLOWED  
Council yesterday adopted an ordinance making an exception to the Zoning Ordinance to permit the drilling for oil on property at the southwest corner of One Hundred Eighteenth Place and Stanford avenue.

## Negro Officers Arraigned on Bribe Charges

Cornelius N. Bradford, Shannon S. Wylie and Arthur R. McClanahan, negro police officers, were arraigned before Superior Judge Aigler yesterday charged with ten counts of bribery and extortion in an indictment returned by the county grand jury Tuesday. McClanahan already has been named as a codefendant with Macco B. Sheffield in another indictment, charged with twelve felony counts. The new indictment charges the officers accepted \$100 "fess" from numerous Central-avenue bootleggers for protection against arrest under the Wright Act. All were released under \$10,000 bond pending their appearance for plea next Monday.

# Of Interest to Women

## Society

by JUANA NEAL LEVY

Again the younger fry are coming to the fore and a charming group of the youngsters is gathering tomorrow afternoon in the ballroom of the Town House for an afternoon of dancing under the very capable instruction of Mrs. J. Frank Hartwell, who, by the way, taught many of the parents to dance. They include the children of Mrs. Stanley Maw, Mrs. Edward Taylor, Mrs. George Benjamin, Mrs. Mrs. Edward H. McLaughlin, Mrs. Constance Hilleke, Mrs. Raymond P. Smith, Mrs. Howard Grace, Mrs. P. N. Carlson, Mrs. Louis R. Bivins, Mrs. Charles Raymond Friedman, Mrs. Richard Morgan, Mrs. Richard Tracy St. John, Mrs. Edward Maw, Mrs. William H. Gibson, Mrs. Mrs. Lorraine and Mrs. William Clark III.

Patrons of the afternoon will be Mrs. Lee Allen Phillips, Mrs. William G. Gray, Mrs. Alfred J. Mayer, Mrs. Albert C. Hilleke, Mrs. Charles Walburn, Mrs. Bernard D. Schneider, Mrs. Jacob M. Schneider, Mrs. Secondo Guasti, Mrs. Ernest Albert Bryant and Mrs. William J. Bettington. These affairs are in the order of every Friday afternoon during the season, from 4 to 9 o'clock.

**Little Girl Entertains**  
Miss Virginia Lenore Black, whose engagement to Gordon Tarrill Collins recently was announced, will entertain Saturday afternoon with a bridge-club at her home in Encino. The color scheme will be white and yellow and white. There will be a reception of friends also in the refreshments and appointments.

Those included will be Miss Mary Jane Branch, Miss Gladys Jones, Miss Hortense Waddy, Miss Jane Gay, Miss Beryl Pierce, Miss Nelda Wilson, Miss Margaret Bell, Miss William Donaldson, Miss Melva Bland, Miss Margaret Traubner and Miss Dorothy Negus.

**Golden Wedding**  
The Little Church of the Flowers, banded in autumn flowers in golden shades, was the setting for the reception of the marriage ceremony of Mr. and Mrs. Aaron L. Thomas, on the occasion of their golden wedding anniversary.

The ceremony was performed by Rev. C. Lee Howard of Los Angeles, in the presence of the children, grandchildren and a few close friends of the couple.

Mrs. Thomas was a bride crisp gown embroidered in brown with matching hat and shoes, and carried an arm bouquet of pink blossoms.

Signe Gale McElroy, a granddaughter, was the dainty flower girl and carried a basket of pink evergreen, rose, and carnation. Mrs. Thomas, now retired, has been an official of the Santa Fe Railroad since 1910, and is now with the Los Angeles Commercial Club following the ceremony.

The children are Mrs. C. E. McNally of Hollywood, Clarence H. Thomas of Los Angeles and Mrs. H. Darrow of Portland, Or. There are six grandchildren.

Mrs. Thomas will remain in Southern California for a time to visit their family.

**Luncheon-Bridge**  
Very charming was the bridge-luncheon given recently in the Italian Tea Garden of the Mary Louise by Mrs. Elsie Beebe of 847 South Alvarado street. The guests were seated at four oval tables, grouped about the fountain, where palms were banded. A pastel color motif was used effectively—each table with a predominant color: blue, rose, orchid, yellow and blue—bowls of brilliant fall flowers, satin streamers, hand-painted place cards and pastel shaded napkins. All complete the artistic picture. After luncheon bridge was enjoyed in the Rose Room. Those included were Mrs. J. L. Ames, S. W. Garretson, Mrs. Robert Verch, Arthur Senda, R. E. Williamson, H. K. Williamson, W. A. Jones, Pearl Strong, Leon Shettler, Frank J. Hart, J. C. Brown, Alice Overt, S. M. Goddard, George Burrall, W. A. Roberts, Jay Spence, Charles Vernon, Sherman Pease, Edward Albert Miller, Earl Chester, J. C. Copp, J. B. Cornwell, J. A. Moore, Herbert E. Brown, W. W. Neum, Richard E. Rye, Thomas Shephard, William M. Corley, Jennetta A. Garner, Eugene Tilden, J. E. Frame, E. W. Hodges, Elmer Cole, Jasper Crandall and the Misses Dent, Pease, Jessie Pease and Anne Pease, all of Los Angeles, and Mrs. Hamilton, J. T. Lindler, Joseph Blair, Dr. Thompson, B. W. Groves, William Warren, F. F. Devendorf, Lillian Douglas, Frank Crook, William Crook, Bernard Millman, H. H. Hodges, D. R. Cline, Ralph White, Edgar Weisgar, J. C. Booth.

**Recent Wedding**  
Miss Dorothy Bernice Butler, daughter of Mrs. Bertha Mae Butler of Culton, became the bride of Leroy Robinson Pettijohn, son of Mrs. Ada R. Pettijohn, the ceremony being performed the 12th inst. at 7:30 p.m. in Glenwood Mission Inn, Riverside. Rev. James Lewis Gillies of San Diego officiating.

The bride given in marriage by George Lufkin, a close friend of the family, was a gown of white satin, trimmed with rose points, the circular lace skirt falling in a graceful train. The long tulle veil was held in place by a cap of rose point, and a bouquet of white roses and orchids was carried.

Miss Gertrude Lufkin, a maid of honor, wearing a gown of gold moire and tulle and carrying a bouquet of pink roses. The bridesmaids, in gowns of chiffon, lace, and low cut, were Miss Demulder Lufkin, Miss Helen Halich, and Miss Gertrude Lufkin, in orange and Miss Katherine Joplin, in deeper orange tone. All carried arm bouquets of dahlias.

High fashion served as best man, and the ushers were Gerald Bridges, Lyle Newmaster, Jack Allen and Knox Henderson.

A reception and supper for seventy-five guests followed, after which Mr. and Mrs. Pettijohn left for a motor trip to San Francisco. The bride attended Cumnock School and the University of Southern California, where she was a member of Alpha Chi Omega Sorority.

## WEDDING SURPRISES FRIENDS

### Former New York Girl Married Here

Mrs. Grover Cleveland Smith

COMING as a surprise to their many friends is the announcement of the marriage of Miss Myrtle Hornbeck, daughter of Mr. Charles Henry Hornbeck and Mrs. Myrtle Hornbeck, of the 12th inst. at 7:30 p.m. in Glenwood Mission Inn, Riverside. Rev. James Lewis Gillies of San Diego officiating.

The bride given in marriage by George Lufkin, a close friend of the family, was a gown of white satin, trimmed with rose points, the circular lace skirt falling in a graceful train. The long tulle veil was held in place by a cap of rose point, and a bouquet of white roses and orchids was carried.

Miss Gertrude Lufkin, a maid of honor, wearing a gown of gold moire and tulle and carrying a bouquet of pink roses. The bridesmaids, in gowns of chiffon, lace, and low cut, were Miss Demulder Lufkin, Miss Helen Halich, and Miss Gertrude Lufkin, in orange and Miss Katherine Joplin, in deeper orange tone. All carried arm bouquets of dahlias.

High fashion served as best man, and the ushers were Gerald Bridges, Lyle Newmaster, Jack Allen and Knox Henderson.

A reception and supper for seventy-five guests followed, after which Mr. and Mrs. Pettijohn left for a motor trip to San Francisco. The bride attended Cumnock School and the University of Southern California, where she was a member of Alpha Chi Omega Sorority.

**Why Iced India Tea is the popular Summer Drink**  
The tremendous popularity of Iced India Tea is easily explained. First, India is recognized as the Motherland of the finest tea in the world. And, then too, the sparkle, fragrance and rich flavor of India Tea is never weakened by chilling. Help your family to beat the heat by serving Iced India Tea. Ask your grocer for a brand with the Map of India on the package. The map is your guarantee that it's genuine India Tea.

**INDIA TEA**

**Hair Turning Gray?**  
Use this "Dye-less" Color Restorer  
Gray hair has no terrors for the woman who uses Nourishine. In no sense is this a dye. It is a tonic, which feeds the hair roots. Just as a plant responds to the right chemicals, the natural color of your hair can be restored in a short time by Nourishine, used according to directions. All shades restored by the one liquid. Also cleans the scalp of all dandruff and stimulates growth of new hair. Used successfully by thousands. 1 oz. bottle \$1.25 at drug and department stores. Send for folder: Nourishine Mfg. Co., 1218 Washington Bldg., Los Angeles.

**Nourishine**  
NOT A DYE

## CLUB NOTES

BY MYRA NYE

Mayor Porter surprised members of the Shell Club yesterday when, before the public affairs section, he criticized President Hoover for the latter's appointment of only lawyers upon the National Crime Commission.

"President Hoover's first mistake and the only one that I know he has made to date as Chief Executive of the United States," said the Mayor, speaking on "Law Observance," "is his appointment of lawyers only on the Crime Commission. Lawyers are too many angles. They make too many loopholes for escape. In law observance, there is but one side and that is a strict observance of law upon the books and especially criminal laws."

Continuing the Mayor said he undertook the work of his office with the sole purpose of "cleaning things up." He said he found it a much more difficult task than he had anticipated. According to Mayor Porter the Board of Public Works is the most important and powerful one in the city. He reviewed the promise of support of two members, he said, before appointing the one in his power to appoint. These three he said are pledged to his policies and he hopes thus to influence the actions of the board. However he said he feels his hands are tied strongly by commissions and he relies to a extent upon the clubwomen of the city to help him put his clean-up campaign into effect.

W. J. Sanborn, president of the City Council who was the speaker at luncheon, said:

"The battle is on. It raged in the City Hall only this morning over the prohibition of the sale of wine. You must judge me, my members of the City Council or the Mayor by our batting averages. All legislation is a compromise anyway."

"What Women Can Do to Aid in City Government" was his subject as outlined by Mr. Sanborn and he was the speaker of the day, saying they can make public opinion.

Mrs. Charles G. Hill is chairman of public affairs and presided at both sessions, introducing the speakers. Mrs. Porter, wife of the Mayor, was also introduced.

**Daughters of American Revolution**  
Mrs. Emmet Wilson's resignation as State vice-president and her refusal to become a candidate for the State regency Tuesday at the Southern California meeting in the Alexandria has met with repeated expression of regret.

Chandora Hoover, sister-in-law of the President, now California regent, has an able assistant in Mrs. Wilson, who has presided at all the sessions in the eastern part of the State and is confidentially expected that she would become the State regent following the resignation of Mrs. Hoover's name.

Following the report of Mrs. Josephine Winn of the policy of the D.A.R. to support navy extension, one of the members at the meeting Tuesday hotly objected to the resolution passed by the national D.A.R. which approves of the Hale navy building program and urges the delivery of the money that the California D.A.R. upholds the resolution she will resign.

**HOUSEHOLD SUGGESTIONS**  
Two Pans  
If the family is a large one it is wise to use two pans when making fritters or pancakes. It will save time, supply more people at one time and all cakes of this sort are better cooked without crowding.

Show for Service  
Don't try to wear your old run-down shoes doing household work. They are a source of trouble with flat rubber heels. You will have much more energy left when evening comes and fewer complaints about tired feet.

Mirrors  
Mirrors must have a little care in placement if we desire them to remain clear and unclouded. Never hang a mirror where it faces a glass door or window. The heat of the mirror should be so protected that no light or water could possibly enter. Clean the mirror with a wrung-out cloth. The cleaner you are certain no dripping water can get into the back of it.

**WHEN THE SANDMAN COMES**  
A Bedtime Story  
by THORNTON W. BURGESS

**CHIPMUNK'S HANDY POCKETS**  
Wherever nature does you'll find a sound, sure device to be behind. —Stripped Chipmunk.

Flip the Terrier was feeling a little bit out of sorts. He was feeling just as most people feel when they are being laughed at. It is only a very exceptional person who can enjoy being laughed at. In fact, Flip had turned his back to Bowser and had begun to walk away stiffly. He was sure that his pockets were empty. He was sure that his pockets were empty. He was sure that his pockets were empty.

"Excuse me, Flip," said Bowser in his deep voice. "Don't feel hurt and don't be angry. I couldn't help laughing and by and by you'll laugh. You are not the first one and you will not be the last one to think that Striped Chipmunk has something wrong with him when he has his pockets full. I don't suppose you even know that Striped Chipmunk has pockets."

Flip stopped. His curiosity was aroused. "No," said he, "I didn't know that Striped Chipmunk had pockets until you mentioned it. What are those pockets like? Where are those pockets, and what are they for?"

"Those pockets," replied Bowser, "are two pouches. They are in his cheeks, one in each cheek. The opening to each pocket is inside his mouth. They are for carrying supplies—food supplies—to his store rooms. Now have you any more questions?"

"A lot of them," replied Flip, who had regained his good nature and was sitting down. "I didn't know that any one had pockets like that. You and I haven't any pockets. Black Pussy hasn't any pockets. As I said before, I don't know any one with pockets excepting Striped Chipmunk. If he has pockets and good use for them, why shouldn't the rest of us have them?"

"If Old Mother Nature should come along right now and offer to give you pockets, what would you do with them?" asked Bowser.

Flip thought this over for a few minutes. "Why couldn't I use them as Striped Chipmunk does?"

"For the very good reason that you don't store up food," replied Bowser.

"I bury bones," spoke up Flip.

The next story: "Old Mother Nature's Wisdom."

## Health and Diet

### ADVICE

by DR. FRANK MACCOY  
Author of "The Fast Way to Health"

**CONDIMENTS**  
Since all condiments are irritating, they should not be used to excess. They have a tendency to promote a greater secretion of the digestive juices of the stomach and for this reason should be taken only with the protein meal. It is better to have the starchy meal with a bland flavor. If condiments are used at all, they should be taken with the meat meal, when one desires a good flow of the stomach juices.

When using mustard, pepper, cayenne, horseradish, catnip, etc., you must remember that when these seasonings reach the lower intestine, most of the food with which they are eaten has been digested and absorbed, which leaves the irritating portions of the condiments more and more concentrated. The first result is irritation, then comes catarrh, and finally indigestion.

When seasonings and spices are used in excessive amounts, they tend to weaken the sense of taste, and although when occasionally used they are stimulating to the gastric juices, when used continually they have a tendency to dry up the secretions.

**Horseradish**  
Horseradish is one of the least harmful of the condiments. It is a native of Europe, but is cultivated on both sides of the Atlantic. It tends to stimulate the secretion of both salivary and gastric juices. It is generally grated and served with cold meats, when used continuously it contains some antiscorbutic vitamins, and large amounts of potassium and sulphur.

**Catchup**  
Catchup is a combination of tomatoes and various spices and seasonings, and is a very good food. It is a native of Europe, but is cultivated on both sides of the Atlantic. It tends to stimulate the secretion of both salivary and gastric juices. It is generally grated and served with cold meats, when used continuously it contains some antiscorbutic vitamins, and large amounts of potassium and sulphur.

**Mustard**  
Mustard is derived from the seed of the mustard plant. It is widely used in sandwiches, salad dressings, and on meats.

**Pepper**  
Pepper is made from a different plant than the cayenne pepper. The pepper berries contain a volatile oil which causes the pungency.

**Red Pepper**  
Red pepper is made from dried small hot peppers which contain an irritating substance called capsaicin. It is extensively used in Italy, Spain and Mexico.

# Of Interest to Women

## WOMEN TO INITIATE STUDY CIRCLE SERIES

To initiate a series of study circles, Los Angeles League of Women Voters, in conjunction with the California Association of Adult Education, is bringing together a group of representative women as a study circle, to meet at 2 o'clock, Wednesday, October 23rd, at the Woman's University Club, 641 Broadway street. An open house session will be held by the study circle, from 1 to 2 o'clock, Wednesday, October 23rd, at the Woman's University Club, 641 Broadway street. The study circle will be composed of women from all over the city, and will be interested in the study of the League of Women Voters, and the California Association of Adult Education. The study circle will be interested in the study of the League of Women Voters, and the California Association of Adult Education. The study circle will be interested in the study of the League of Women Voters, and the California Association of Adult Education.

## CHEF WYMAN'S RECIPES

On Wednesday and Friday at 2 o'clock Mrs. A. L. Wyman will give a lecture on the art of good cooking in the lecture hall of the Woman's University Club, 641 Broadway street.

**RAISIN PIE**  
Cover three cups of seeded raisins with two cups of water, and allow to cook and boil for ten minutes, mix three tablespoons of cornstarch with three-quarters of a cup of sugar and carefully stir in to the raisins, allow to simmer until thick, add one-fourth of a cup of orange juice, three tablespoons of lemon juice, one teaspoonful of the grated rind of orange and the same amount of lemon rind, add one tablespoonful of butter, allow to cool, pour into a pastry lined plate, strip the top with pieces of the pastry, brush the strips with beaten egg, and bake in a hot oven for the first ten minutes, reduce the heat and bake fifteen minutes longer.

the oil from the fish, add the milk, sprinkle with the bread crumbs, after being placed in baking dish, allow to bake about twenty minutes. Serve with slices of lemon and tomato sauce.

## Your Baby and Mine

by MYRTLE MEYER ELDRED

### IT TAKES LONGER TO UNMAKE THAN TO MAKE A HABIT

Parents have a common failing. They believe, and are terribly disappointed if their belief is shattered, that they can spoil a baby for most of its young life and then, seeing the light, can in one or two fortnights break down what they have been at such pains to build up.

Then there is Charles who has gone untrained for fifteen months of his life, accepting the wet or solid state as a perfectly natural one. Suddenly his mother decides that this is a terrible way for Charles to act. She is going to train him. Right away, too. No more such sessions, young man. Aren't you ashamed to be a dirty boy? The very next time you do anything like that I'm going to spank you! She gives, as she would express it, a "good" spanking, but she finds to her distress that it does no good. Charles is as blithely unconcerned about his misbehavior as he has been for fifteen months. There is one chance, though, he is more sensitive. He tries to prevent being "caught" because he has learned that this is quite unpleasant, otherwise his mother is as incomplete as it was before his mother made this momentous decision.

## Silvertone Radios

The Nationally Famous Instrument Exclusive at Sears, Roebuck and Co.

SILVERTONE has raced to the leadership in the radio field! Thousands of homes throughout the nation are thrilled by the marvelous qualities of these splendid sets. They are sold exclusively by Sears, Roebuck. Illustrated below are two more beautiful cabinet models of this superb instrument.

### 9-Tube All-Electric "Silvertones" in "LoBoy" and "HiBoy" Models

**\$144.50** Cash Price  
Completely Equipped  
Nothing Else to Buy

The radio of today must combine beauty of design with beauty of tone. Here are cabinet creations in LoBoy and HiBoy models of workmanship throughout. Into the cabinets are built the famous "Silvertone" 9-tube, unexcelled in their qualities of tone, and volume, and reliability. Distance, too, is reached with a "Silvertone." Visit one of our stores tomorrow, and ask for a demonstration of these sets. You will marvel at their clear, pure, undistorted reproductions.

**Only \$10 Down**  
We will deliver either of these distinctive handsets to your home. The balance may be paid in easy monthly installments.

At Our Four Stores

### 12 Features and Improvements

1. All-Electric Operation.
2. Completely shielded construction.
3. True, precise Single Control.
4. Illuminated Tuning Dial.
5. Oversize power supply unit with high factor of safety.
6. Heavy, Ball Bearing Condensers.
7. High and Low Voltage Adjuster.
8. Jack for Phonograph Connection.
9. Push-Pull Amplification using new type 245 power tubes.
10. Large potted and sealed Transformers.
11. Heavy Steel Chassis.
12. Licenses by RCA, General Electric Co., Westinghouse Electric, and Mfg. Co., and the Hazeltine Corporation.

12 Elements of Leadership That Mark These Models

9 A.M. to 10 P.M.

WE GUARANTEE SATISFACTION OR YOUR MONEY BACK

no amount of repetition is going to be effective until we learn to apply that cardinal factor. Make it pleasant for baby to be clean and dry while constantly trotting him to the toilet, and he'll outgrow his old habits. Break off his bedtime attention gradually. Instead of rocking and singing, just sing and accompany this with a pleasant, rhythmic patter. Then stop singing, then taper off the patting until he is willing to go to sleep with just a loving pat or two.

**GERMAN LECTURE TONIGHT**  
Prof. Rolf Hoffmann of the University of California at Los Angeles will lecture in German on "Hugo von Hofmannsthal" this evening at 8 o'clock at the Central Library, 530 South Hope street. The Los Angeles Public Library, under the auspices of the foreign book department, is offering a series of seven lectures in German designed to acquaint the German reading public with the best in contemporary German literature. The series is under the direction of Prof. William Diamond of the University of California at Los Angeles.

**NEWLYWEDS IN  
ILLEGAL KNOT****Honeymooners Sought While  
License Lies Unrecorded****Document Issued in Ventura  
County Used in This City****Recently Arrived Minister  
Discovers Error Later**

VENTURA, Oct. 16.—Somewhere in California a pair of newlyweds are honeymooning. In Los Angeles a minister frantically tries to locate them. At the office of the Ventura County Clerk a null-and-void marriage license lies unrecorded.

The story thus far: More than a week ago a marriage license was issued to a Ventura man and a Los Angeles woman at the Ventura County Courthouse. The clerk didn't see it until midnight, calling at the home of a Los Angeles minister.

In the presence of the witnesses, they were married and departed for their honeymoon. Hours later, the minister, recently transferred to California from the East, discovered his mistake, that of marrying a man who had not secured their license in that county.

He located the witnesses, but the destination of the honeymooners was unknown. Now, instead of the usual-looking envelope with a recorded marriage license in it, they will find awaiting them when they return instructions to the notice of questions to wed.

**WHISKER CONTEST  
WON BY A HAIR**

Jack Boone

REDLANDS, Oct. 16.—Jack Boone, son of Jay Boone, the head of the State traffic squad for San Bernardino county, won the annual "whisker" contest at the University of Redlands today. He was judged by the group of young ladies on the judging committee to have the closest and most luxuriant growth of whiskers. He also was adjudged to have enhanced his sex appeal more than any others in the contest.

Larry Cook of Hollywood, managing editor of the Campus, the university newspaper, was a close second. In fact, there was only a fraction of a point between the two. Boone, who beat Cook out by a narrow margin last year, thus winning by a hair.

The whisker contest is held each year and for three weeks while it is on the campus in overrun by a lot of ruffians with terrible growths on their faces.

**Home-Coming at  
Redlands Begins  
November First**

REDLANDS, Oct. 16.—The big home-coming for former students of the University of Redlands is to be held November 1, 2 and 3, according to the plans that have been made by the general committee. The decorations are being sent out this week for the event.

The features for Friday evening will be the college mixer, the football game with Pomona College. Saturday the games will be the feature and this will be followed by an at-home given by President and Mrs. V. L. Duke, and all are invited to it.

An all-college banquet will furnish the entertainment early in the evening and Saturday's events will be concluded by individual entertainments by the various fraternities and societies. The decoration committee has planned a unique manner of decorating the gymnasium for the principal banquet and arrangements are being made for better acoustics so that every guest will be able to share in every portion of the entertainment.

Informality will be the keynote of the affair. Saturday will be known as R day, calling to the minds of the students the significance of the traditions as well as refreshing them in the midst of the old grade.

**ALHAMBRA AFTER  
WINE TONIC SALES**

ALHAMBRA, Oct. 16.—The City Commission today aimed its legislative guns at the sale of wine tonics in this city by the appointment of E. E. Burlingame, commissioner of public health, and A. E. Stockburger, City Manager, to make a thorough investigation of the local wine tonic situation and to report to the board on November 5. Commissioner W. W. Ransom launched the attack against wine tonics at the commission meeting today when he said that the time had come for the city to take a stand on their sale. He told the other officials that while some stores limit the sales to a bottle, others sell the tonic in case lots to individuals.

**PETITION HELD INSUFFICIENT****Informal Report Made on Plea to Consolidate  
Redondo and Hermosa Municipalities**

HERMOSA BEACH, Oct. 16.—According to an informal report made by the investigating committee to Mayor A. R. Holston this morning, the petition asking an election on the proposed consolidation of this city with Redondo Beach lacks apparently fifty names of the number required to make the election mandatory.

The figures, Mayor Holston said, are based upon a check made with the great register by his committee, composed of City Clerk B. F. Brown, Joseph Getter and Joseph Edwards, in which 240 of the 600 signatures on the petition have been adjudged invalid in the tentative survey. Twenty-five per cent of the registered vote of 2520, or 630 names are necessary to make the petition valid, it is understood.

At the time of filing, supporters of the petition asserted a percentage of 80 per cent, on the basis of reported evidence—that more

**MOVE AGAINST  
CHIEF FIZZLES****Ouster Proceedings Aimed at  
Redondo Deferred****Affidavits Said to Refute  
"Wild Party" Story Ready****Police Head Gets Backing in  
Huge Petition**

REDONDO BEACH, Oct. 16.—Rumored ouster proceedings aimed at Chief of Police Harry M. Peterson failed to materialize at the meeting of the City Council last night. A petition in support of the Chief, said to bear 900 signatures, was read in presentation to the Council but was withheld awaiting action of that body on five affidavits filed by the Chief in which charges that he had attended a "wild party" at the home of Mrs. Beulah Cretin, 608 North Guadalupe avenue, on September 13 were refuted.

The affidavits were placed before the Council after Mayor M. B. Hopkins had opened the topic of the Chief's case in which she pointed out that he had been made the subject of an attack in regard to the alleged party and asked that he be given a hearing.

The affidavits signed by the hostess and four guests declared that the event in question was a wedding party in which liquor was not served and that Chief Peterson had not remained after 9:30 p.m.

**Dr. Hart Injured  
When His Auto  
Wrecks Store**

GLENDALE, Oct. 16.—Losing control of his automobile when he struck a traffic light at the intersection of East Broadway and Glendale avenue at 2 a.m. today Dr. Edward J. Hart, 529 East Colorado boulevard, Pasadena, crashed into the front of the Pilsbury-Gould Flouring Company building on Broadway and Howard, wrecking the store and receiving injuries that sent him to the Pilsbury-Gould Hospital. The damage to the store is estimated at \$1000.

Dr. Walter Brunner, 529 Security building, and Dr. J. H. Reimers, 553 South Western avenue, Los Angeles, witnesses of the accident, rendered first aid and told police that Hart, unfamiliar with the boulevard, stopped at the intersection, had swerved to avoid a collision with their cars when they slowed down for the stop.

Dr. Hart's car crossed the sidewalk and struck a metal pillar supporting the front of the building, shattering the plate-glass windows and destroying a quantity of plumbing supplies in the show window, besides wrecking a weighing machine that stood outside the doors. In addition to receiving a number of strained tendons, he is believed to be injured internally.

**Students Go to  
University Farm**

SAN FERNANDO, Oct. 16.—The San Fernando Valley delegation of high school boys and girls to the 1929 4-H club convention to be conducted at the University Farm at Davis, left the valley today on a special train bearing other students from Los Angeles county. They are: Fred Weichel, Edward Olinore, Lowell McCann, Donald Cassin, Gertrude Rasmussen and Carl Brockman. Robert Hill, Gladys Flash and Robert Primer are students from Antelope Valley. Martin Portello, Donald McAdams, Barbara Pierce and Winifred Roth are from Palmdale.

Within recent years the work of the junior farm clubs here and other parts of the county has expanded much interest. Girls have shown as much ability in understanding farming questions as boys.

**Golfers in Play  
for Cup Today**

SAN FERNANDO, Oct. 16.—C. A. Schmidt and Judge H. A. Decker will meet Thursday afternoon for first-flight honors in the local golf tournament which is being sponsored by a San Fernando newspaper. The match will be played on the Glendale course and the winner will receive the silver trophy offered by the newspaper. Both Schmidt and Decker fought their way to the finals by defeating several of the best local golfers. C. E. King and H. P. Loomis meet in the third-flight final today.

Tom Bird won the second-flight honors by defeating I. Cohen one up on the twenty-first green.

**BOOTLEGGING IN  
DIVORCE PAPERS**

SANTA BARBARA, Oct. 16.—Ex-litigence with John E. Cognacci was entirely "too exciting and strenuous for a normal woman to endure," according to a suit for divorce filed by Vanessa Cognacci in Superior Court here yesterday. They were married, the complaint recites, June 12, 1919, and separated July 13, 1929. Among other things cited by Mrs. Cognacci in her complaint were the following:

"He called me a kill joy when I refused to drink liquor."

"He told me time and again that he had no use for me. He drank liquor to excess and was quarrelsome at all times."

"He was engaged in bootlegging at numerous times during the past few years."

"He paid a fine in Santa Barbara for bootlegging and served a jail sentence in Los Angeles for selling liquor. He beat me until I was covered with marks and forced me to pack my clothes and leave his home."

**TWO-VOTE ELECTION IN SNARL****Preparations for Annexing Tract With Owner and Her  
Employee as Officials and Only Voters May be  
Delayed by Legislative Amendments**

VENTURA, Oct. 16.—The preparations of Mrs. Mary K. Watson and her employee, Harry F. Foster, for an all-day election session in which the two would be the only officials and voters, may come to naught. Mrs. Watson, owner of the ten-acre Watson tract on the Avenue city limits and her caretaker were scheduled to sit solemnly as an election board on Friday over the proposed annexation of the district in this city.

As the only two residents of the area entitled to a vote in the proceedings they were to cast the only votes.

The law, however, however, that officials of an election commission must keep the booths open from 7 a.m. to 7 p.m., no matter how few votes are cast, and it was this irksome procedure for which Mrs. Watson and Foster were steeled.

They arrived at the scene at 6:30 o'clock in the morning to prepare the ballots and opened the doors promptly at 7 o'clock. It couldn't possibly take them more than five minutes to cast their own votes and they would be bound by election law to remain there until 7 o'clock that night, when they could count the ballots and go home.

Not only that, but the voting had been carefully planned in advance. Mrs. Watson, as owner of the tract, petitioned the city for annexation last summer and did not mind at all saying that she would vote in favor of admission. Foster, as her employee, would naturally vote that way, too, for if he caused a draw in the contest by voting opposite, he would be in line to lose his job.

Imagine their feelings when City Attorney Walter Fourt announced today that the State Legislature has intervened with several amendments to the annexation laws and that the scheduled two-vote election probably will be delayed six weeks. So now the whole affair must start again at the beginning. Mrs. Watson must ask the city for annexation privileges again under the new amendment; she must get Foster, her right-hand man on the tract, all set to vote properly. The two must gather their books, or knitting, or whatever they plan to use for diversion on the long day, and everything will go through as planned some six weeks from now.

That is, unless City Attorney Fourt finds before Friday a loophole in the new law.

they could count the ballots and go home.

**LACK OF PICKERS DEPLORED****Calipatria Cotton Harvest Far Behind Schedule and  
Labor Shortage Attributed to Federal Action**

CALIPATRIA, Oct. 16.—With the local cotton harvest several hundred bales behind schedule, local ranchers attribute the lack of pickers to the activities of immigration authorities who are conducting a rigorous drive against all Mexicans who cannot show passports legalizing their residence in the United States.

**REAL RED  
MEN MAY  
BE ACTORS****Palm Springs Desert Play  
Seeks Participation of  
Sherman School Indians**

PALM SPRINGS, Oct. 16.—Initial steps were taken today to obtain permission from the government for students of the Sherman Indian Institute at Riverside to take part in the ninth annual Desert Play to be staged at Palm Springs, November 9, 10 and 11.

Numbers of the Indian students with thespian abilities are descendants of the tribesmen whose legends are perpetuated in Mary Austin's "The Land of Little Fools," presented by townspeople of the resort, and it is stated that they are eager to take part in the spectacle.

Citizens sponsoring the community nonprofit enterprise which marks the opening of the winter season at the resort are planning to conduct a play to replace "Tabiquita," which has been presented for the last several years.

The late Garnet Holme staged "Fire" as the original play, and the drama was repeated the second year. Desire to perpetuate all the legends of the region as well as to vary the vehicle for patrons who make the pilgrimage to see the Desert Play year after year led to the return of the original drama.

"Fire" is based on a celebrated legend of the Indians of the region relating to the subjugation of the people of the region as well as to the legend of the "Fire" of mankind. It will be presented by a cast of sixty dramatic stars and Indians of the region.

**LEGION MEN FINISH  
ARMISTICE DAY PLANS**

OWENSMOUTH, Oct. 16.—The main Armistice Day celebration this year for San Fernando Valley will be held here with the local post of the American Legion. He host to the various other organization that will participate. In the proposed line of march will be 100 members of the American Legion, the Troop No. 33, Varsity Boys, the San Fernando Valley Council of Boy Scouts, has been adjudged the top troop of the council for 1929. The football team is now in possession of the B. R. Holloway trophy, which it has won for three consecutive years.

**"FIXING" QUIZ NEAR END****San Diego Grand Jury Believed to Plan But One More  
Session Before Concluding Taking of Testimony**

SAN DIEGO, Oct. 16.—The county grand jury, after holding a short session at the Courthouse today in connection with the so-called \$27,000 liquor fixing case, must hold at least one more session before completing the inquiry. Available testimony has about been exhausted and with questioning of a very few more witnesses, probably toward the close of the week, final action of the grand jury may be made known.

So far the trend of the investigation by Federal agents in their separate and exhaustive delving into the case.

Joeelyn was cloistered with the inquiry for a short time and was followed on call by W. O. Cayce, newspaper reporter, believed to have obtained underworld clues which went far toward bringing the alleged conspiracy to light.

After Cayce, Jack Wilson, half-brother of Joeelyn, was summoned. Wilson provided ball for release from custody of Sheriff Mulock, asserted "key" figure in the tangle and one of sixteen apprehended defendants named by Federal men. Each of the sixteen has been released under bond pending disposition of a preliminary charge of "conspiracy to violate" the dry act.

**EASTERN STAR  
PICKS LEADERS****Close Contests Indicated in  
Coronado Voting****Installations Planned for  
Tomorrow Evening****Twenty-five Hundred Women  
Attending Convention**

CORONADO, Oct. 16.—With about 2500 delegates attending from all parts of the State, the fifty-sixth annual convention of the Grand Chapter of California, Order of Eastern Star, devoted its afternoon and evening sessions today to election of officers for the coming year. Voting for various candidates was spirited and only those entitled to engage in balloting were admitted to the session. Other delegates were treated to excursion motor trips and other recreations throughout the day.

The morning session today was occupied with the reading of reports of the various committees. Tomorrow's and Friday's sessions will be taken up with more reports and the presentation of charters. Installation of officers, presentation of jewels and ceremonies will mark the close of the convention Friday evening.

One of the distinguished guests at the convention is Mrs. E. E. Easton, worthy Grand Master of the General Grand Chapter of the World, and Past Worthy Grand Master of California. Mrs. Easton presented other distinguished guests, past grand matrons and patrons, past grand electors and grand representatives today.

Mrs. Georgiana V. Polansky, Grand Representative of the Grand Chapter of Kentucky, and Past Grand Matron of California, gave the response.

Mrs. Myra Mays of Los Angeles, and Walter Bradley of Berkeley, were elected Worthy Grand Master and Worthy Grand Patron, respectively.

Other Grand Officers elected are: Mrs. Wills Jane Helwig of Alhambra, Associate Grand Matron; Joseph Mayo Argabrite of Ventura, Associate Grand Patron; Mrs. E. E. May McGiffin of Eagle Rock, Grand Conductress; Mrs. Grace Richardson of San Francisco, Associate Grand Conductress; Mrs. Mildred Blair of Los Angeles, Grand Treasurer, and Miss Susan Mills Willard, re-elected Grand Secretary.

The business session of the convention will be held at the Hotel in San Francisco tomorrow night.

Fischer's name will be presented to the district convention, which meets at Long Beach on November 7, 8 and 9. The convention will elect the officers of the division representatives in the selection of the California-Nevada District of Kiwanis International at a meeting of district trustees representing the fourteen clubs in the division at the Hotel in San Francisco tomorrow night.

**Gas Station Man  
Held Guilty of  
Running Lottery**

GLENDALE, Oct. 16.—The jury empaneled today to try H. J. Seely, owner of a service station at Broadway and Central avenue, on a charge of conducting a lottery in violation of the Penal Code found him guilty after two hours' deliberation. The case was tried before Judge J. H. Lowe and the prosecution led by Assistant District Attorney H. J. Seely.

The defense was conducted by H. J. Seely, who was giving away automobiles in drawings at stated intervals. The defense did not present any testimony, although the jury heard arguments in Seely's favor. The arguments to the jury hinged on the question of whether Seely received any consideration for the tickets he distributed to the patrons of his establishment, the prosecution asserting that the tickets for oil, gasoline and accessories, including a consideration of the Automobile Club's signs in the business district disclosed, however, that the signs specifically stated that there shall be "no parking" between the hours. The City Council discussed the matter at its regular session and decided to ask the city for new signs. At that time it was brought out that none of the city officials, including the police officers, were aware that the signs forbade parking after 1 a.m.

Seely was given a suspended sentence of six months, with probation for one year. He was fined \$100 and costs.

The jury found Seely guilty of running a lottery in violation of the Penal Code, and the court sentenced him to six months in the county jail, with probation for one year.

Seely was given a suspended sentence of six months, with probation for one year. He was fined \$100 and costs.

The convention will elect the officers of the division representatives in the selection of the California-Nevada District of Kiwanis International at a meeting of district trustees representing the fourteen clubs in the division at the Hotel in San Francisco tomorrow night.

Fischer's name will be presented to the district convention, which meets at Long Beach on November 7, 8 and 9. The convention will elect the officers of the division representatives in the selection of the California-Nevada District of Kiwanis International at a meeting of district trustees representing the fourteen clubs in the division at the Hotel in San Francisco tomorrow night.

One of the distinguished guests at the convention is Mrs. E. E. Easton, worthy Grand Master of the General Grand Chapter of the World, and Past Worthy Grand Master of California. Mrs. Easton presented other distinguished guests, past grand matrons and patrons, past grand electors and grand representatives today.

Mrs. Georgiana V. Polansky, Grand Representative of the Grand Chapter of Kentucky, and Past Grand Matron of California, gave the response.

Mrs. Myra Mays of Los Angeles, and Walter Bradley of Berkeley, were elected Worthy Grand Master and Worthy Grand Patron, respectively.

Other Grand Officers elected are: Mrs. Wills Jane Helwig of Alhambra, Associate Grand Matron; Joseph Mayo Argabrite of Ventura, Associate Grand Patron; Mrs. E. E. May McGiffin of Eagle Rock, Grand Conductress; Mrs. Grace Richardson of San Francisco, Associate Grand Conductress; Mrs. Mildred Blair of Los Angeles, Grand Treasurer, and Miss Susan Mills Willard, re-elected Grand Secretary.

The business session of the convention will be held at the Hotel in San Francisco tomorrow night.

**HELP OFFERED IN GAS BATTLE**  
Government Proposes to Aid Antitrust Froy  
Judge Takes One Day Off for Studying Evidence  
Defense Seeks to Prevent State Enforcing Ban

When the hearing of the injunction suit brought by the State of California against oil operators in the Santa Fe Springs field, to restrain unreasonable waste of natural gas, is resumed today before Superior Judge Hallett, the United States government will appear on the scene with a petition asking permission to join the action as amicus curiae, or a friend of the court.

Such a petition was filed yesterday in Judge Hallett's court on behalf of the government by U. S. Atty. McNabb.

The petition offers to support the plaintiff in the action on the grounds that the United States government has an extensive interest in the natural resources not only in California, but also in all the States of the Union.

If the prayer of the government's petition is granted by Judge Hallett, from now on a Federal representative will attend the hearings.

**NEW ANGLE IN CASE**

Another important issue in the case developed yesterday when the Shell company filed an amended answer asking for the opinion that the new gas law is unconstitutional on the ground that it interferes with interstate and international commerce.

The Shell company, a California subsidiary of the Royal Dutch Shell Company, one of the world's largest oil companies, is expected to present the argument that enforcement of the gas law will interfere with the production of petroleum, which is a commodity in great demand throughout the United States and the world at large.

The company holds that inasmuch as petroleum is a commodity in the same class as other national and international essentials, the State therefore cannot legally enact a law which will interfere with interstate or international commerce.

An amicus curiae petition also was filed in the case yesterday by attorneys for the Independent Petroleum Companies' Agency of San Joaquin county.

When court convenes at 10 a.m. today Attorney James S. Bennett, representing the State, will resume his argument resisting the two motions made by the defendants, one to add lawyers as well as operators in the suit and another asking for a continuance of the case in order to give attorneys for the oil men more time to prepare their case. No court was conducted yesterday, a day's recess being taken in order to permit Judge Hallett to digest numerous briefs filed by attorneys who have been presenting their arguments on the two motions.

**SMALLER GROUP**

Attorneys Robert Murphy, Walter Haas and Neil E. McCarthy, representing the Bell View Oil Company, a subsidiary of the Petroleum Company, the Commodore Petroleum Company, Wilshire Oil Company, Inc., Wilshire Annex Oil Company and the Standard Petroleum Company, filed the motions. The companies named represent the smaller group of oil operators among the forty defendants named in the action.

The three attorneys contend that it is vital and necessary in an action of this kind that lawyers be made parties to the suit because their rosy interests are intertwined and intertwined with those of the operators. They also contend, in asking for a continuance, that the State has had months of time to prepare its side of the case but they have had only a few weeks.

**The New in Stores & Homes**  
Novelties, Ideas, and Suggestions  
By OLIVE GRAY

The telephone alibi! Worth more—almost—than the business use of the phone. "Well, at last! I cannot tell you how many times I have called you up; but never could get an answer." Or, "I called you to say that I could not keep that engagement, which I would explain when I see you; but the operator said there was no reply." Or, "I just never could get you by phone, and I have tried to telepath you; but even that failed!"

Now, I wonder if those are called "tele-lies"? And I wonder about how much they check up against us, in the final lists?

**What Chapeau?**

"What shall I wear with my velvet frock and velvet ensemble?" asks Editha, as many others are asking, by mail and by word of mouth. Soiled felt, is one answer. Or, a hat of the aristocrat of felt; and if even more distinctive effect is wished for, such chapeaux may be faced with velvet in a tone to correspond with that of the costume which it is to complete. But let us add the velvet which completes the hat inasmuch as it is a left-over bit from the frock.

**The Metallics**

With metallic effects so in vogue, metallic hats may be chosen to complement the frock of velvet, or the ensemble of this popular material. Or, there may be inserted a metallic somewhere near the face of the hat, to afford enrichment adequate to accompany the sumptuous material in pleat weave.

**Or Lacey**

Or, with the ensemble of velvet, one may elect to wear a hat enriched by lace. Either way of interlaced the brow, or extending well up into the crown of the hat, as a fall reaching—well—up to about the eyebrows, or extending along the back of the neck, much after the manner of the old-time "lace" hat. In either case, may be in the line of the hat which is adorne, or may be in black.

**Revised**

More than ever antique in appearance is the baquet gathered along the underarm seams, and quite new upon the hips. Some bodies of the new character have very small buttons set along the edges of the underarm fastenings, buttons which serve for covering the fastenings for actual use in fastening. As a rule, such buttons are covered in the material of the gown, especially when that material is velvet.

**Wood Fire Appliances**

This is the season for revivifying the fireplace, getting it in readiness for chilly autumn evenings, when a cherry blaze is so very welcome, so very homey. New shapes in wood are appearing, sometimes playfully called, in poker-and-tongs sets and, above all necessary, in screens to keep the sparks from setting fire to precious rugs on the hearth. Inventive genius never tires of devising something new in these appliances; for the fireplace even arouses enthusiasm for all house plants, and lovers of such objects as serve to combine use with beauty.

**Plans for House**

Now is the time to choose, from among the garden plants, which are to be honored by making them house plants, to dwell with the family for the months to come. It is a mistake to think that we do not need house plants in California. Plants, grown in sunny, in damp places, throughout the home, afford much pleasure, during the rainy season; and because they are less difficult to care for here than in the East where winters are cold, we should prize them all the more. For they respond more lavishly to the attention which, both in blossoms and in foliage.

**COSMIC FORCES ALTER INSECTS**  
"Death Rays" of Universe Factor in Flies' Birth  
Berkeley Scientist's Tests Establish New Facts  
Earth Emanations Transform Fruit Flies' Progeny

By a "Times" Staff Correspondent  
PASADENA, Oct. 16. (Exclusive) Invisible radiations which pervade the earth's atmosphere exert an important influence upon the evolution of animal life, according to preliminary results of recent experiments conducted by University of California scientists at an unusual site suggested by Harold D. Babcock, Mount Wilson Observatory physicist.

For almost 100 years scientists had been baffled in their attempts to discover the cause of variations in living organisms which make possible the process of natural selection, or "survival of the fittest." Without these changes in bodily structure biologists hold that human beings might still be small drops of living matter.

**TEXAN GIVES CLEW**

Following the announcement of Prof. J. B. H. of the University of Texas that he had altered the characteristics of fruit flies by exposing them to emanations from radium and X-rays, the question as to the possible influence upon evolution exerted by the weaker radiations from the earth's crust arose.

When Dr. Robert T. Millikan, California Institute of Technology physicist, made the startling announcement that cosmic rays are shooting at the earth from interstellar space with sufficient force to penetrate 100 feet of solid rock, it was suggested that these rays also might play some part in the creation of new species.

**TEST COSMIC RAYS**

It was decided first to test the possible effect of cosmic rays, this test falling of positive results, to determine if rays from radioactive materials in the earth's crust are factors in the origin of species.

In brief, the first experiment necessitated the breeding of flies at a location to which cosmic rays could not penetrate and at another place where the insects would be subjected to the rays' influence. The essence of the test was to determine that the number of germ-plasm changes or mutations was influenced by the presence or absence of cosmic rays.

**FLIES FOR EXPERIMENT**

Two groups of eggs from the same strain of flies belonging to the *Drosophila melanogaster* species were selected. One group was placed in glass flasks in the Berkeley Institute of Technology laboratory and the other was buried in an abandoned mine shaft of the Twin Peaks tunnel. It was estimated that only 1 or 2 per cent of the cosmic rays could reach the eggs in the tunnel.

An important condition in the test of cosmic ray influence was that the radiation from the earth should be about equal in both laboratory and tunnel. Without this condition it would be impossible to say that any results would be due to cosmic rays exclusively. By the use of an electroscope, the sensitive instrument which California Institute of Technology physicists have used to recover lost radium capsules, the disappointed investigators discovered that the earth radiation in the tunnel was as intense as in the laboratory.

**MARION WRITES FOR LASKY STAR**  
"Let's Go Native" Chosen Title for Film  
Belle Finck Will Go Into Talkers  
Mary Pickford May Return Alone for Benefit

By GRACE KINGSLEY  
Just on the eve of leaving for New York, Jeanette MacDonald is assured what her next Paramount starring vehicle will be. So that the word has to be worrying, all the time she is gone, as to what sort of a character she will portray.

"Let's Go Native" is the intriguing title of the story, which was written by George Marion, and the scenes of which are laid in New York and in the South Sea Isles. It is quite possible that Miss MacDonald and her supporting players will journey to the South Seas to make the feature. In the meantime, as the production does not go into work for several weeks, Miss MacDonald will leave for New York tonight, to spend her vacation, visiting relatives and friends. She will be on the outside looking in, too, so far as the theaters are concerned, since she won't be working in them until she will have a chance to see the new plays.

**PAUL MUNI'S WIFE TO ENTER PICTURES**

That very fine actor, Paul Muni, has a wife who is also a fine actor. Her professional name is Belle Finck. She played opposite him on the stage in New York in "Four Walls."

Now Miss Finck is looking forward to a career in pictures. She will sign either with Fox, to whom her husband is under contract, or to another of the larger companies. Paul Muni's next Fox picture, based on the life of Rasputin, is to go into production within the next month. In the meantime Muni and his wife will take a vacation trip. If they find they have time enough, they are going to visit Honolulu; otherwise they will content themselves with a motor trip through the northern part of the State.

**Mary Pickford's Plans**

Mary Pickford is not to remain with Universal following the end of the contract next month. This is certain, we learned yesterday. Following the end of her work as star of Arthur Guy Emery's "Troupers Three" for Tiffany-Edith, Miss Pickford is slated to sign with one of the larger companies, with whom negotiations are now under way, and the name of which I have promised not to divulge.

The company intends, we hear, to find stories especially suited to Miss Pickford's special talents and personality.

**Speaking of Gary**

And, speaking of Gary Cooper, that earnest young laborer in Paramount's vineyard of art, is not to begin work at once, as he had expected. In Zane Grey's "Fighting Caravans," but is to star in another story instead. This story is not yet selected.

The plans of Paramount to make "Fighting Caravans" a big special instead of a mere program picture is the reason for the postponement of the feature, we heard yesterday.

**Universal Adds to Cast**

Dorothy Dwan certainly gets a break. She is the only girl in Ken Maynard's new starring picture, "The Fighting Legion."

# VIDOR PICTURE UNIQUE EVENT

Throng Attends Opening of  
"Hallelujah"

Weird Impressions of Negro  
Life Fascinate

Sensational Note Dominates  
Production as Whole

BY EDWIN SCHALLERT

Barbaric, weird, fantastic—an orgy of sight and sound—King Vidor's impression of negro life, "Hallelujah," unfolded itself as a strange new experience of the sound-film screen last night at the Fox Palace Theater. An elaborate premiere signaled its advent, drawing first-nighters in full force and pandemonium, and meeting over this distinctly sophisticated audience a curious and uncomely spell.

"Hallelujah" has been much celebrated in advance of its arrival. It has been heralded since its premiere in New York. It is recognized as a brilliant enterprise, the director of "The Big Parade," and was hailed as something extraordinary and unusual from the very inception as an idea.

In character, it was considered important enough to initiate the reopening of a playhouse with a different policy and different aims. The Fox Palace Theater, once the Orpheum, and later the Broadway Palace, has been refurbished and made far more habitable for the introduction of the film to the public. The rejuvenation might, in fact, be described as a new theatrical venture, since the house is located in a different section from the various other shows of picture entertainment, and is to follow the two-shows-daily routine with reserved seats, which is generally limited to the ultra precincts of Hollywood or West Windsor.

So, with all due ceremony, "Hallelujah" had a gala first presentation, which may or may not have been in harmony with the eddy of the known methods of mystery murder stories have been reduced to a minimum, it is said, and new and novel angles to broaden and mislead the audience as to the real culprit.

Vidor unquestionably has an extraordinary feeling for the subject which he deals with in his picture. Certainly, too, he brings out in every scene the sentimentality of the situation or sentimental "Hallelujah" is not a picture that will leave anyone debating its merits or demerits. Either it will be accepted as great, or damned utterly. Either it will be considered as the maximum of art, or treated as an abhorrent nightmare.

I have watched this feature through twice, and I found it more interesting on a second view than during the first. The detail becomes more emphasized through the repetition, and is fine as an expression of the Vidor skill in such matters. To those who find it interesting on a first seeing I would recommend the second for its further revelations.

However, the question is of likes and dislikes more in the case of all pictures. And there is no recommendation to be made in this respect. "Hallelujah" is scarcely to be rated entertainment in the popular sense of that word. It is strong, sensational, different, and by most will be charged with appearing as a highly exaggerated depiction of the race and of the life of the race it comes to portray.

Photographically, it is superb. A veritable witch's Sabbath are the jubilee scenes, with the frantic waltzing and the primitive procession, and you become a pandemonium in its strange manifestation of fantastic hysteria.

This scene is a stunning one; it goes the limit of ultra-realism, and all but topples over into the grotesque. It is matched in a degree by the revival of the "Hallelujah" scene, which is very closely by the baptismal scene that is in between, and by the death watch that is earlier in the feature.

All these episodes are woven into the story of a negro family, kindly and gentle for the most part, and of a contracting wild little negro, well dance girl of the octoroon type.

Again and again there is the recurrent motif of her seductive attraction for the smiling, rich, older son of the family. Because of her influence upon his life he goes through many transformations that are sometimes for the good and sometimes for the evil.

The culmination is this "hero's" battle with the dance girl's love in the midst of a swamp—a gruesome hunting to the death. The octoroon of the octoroon butterfly's own life is an event, too, of this portion of the film, and leads to the killing of the man who had attempted to steal her away.

The "Hallelujah" plot is in a sense a commonplace. It deals with conventional sex elements. It presents them, however, in a totally new environment, and in an entirely different way.

This picture, I believe, will not escape offense to many who see it, because of its obviousness in dealing with certain of the sex elements, but for all that it may be almost unpleasant at times; it is strangely powerful in many phases of its appeal. The only catering to popular taste is in the introduction of certain songs, which do not fit in with the general scheme.

Leading roles are notably well played by Daniel L. Haynes, Nina McKinney (who is extraordinarily clever), William Foustaine, Fannie Belle De Knight, Everett McCarty, Victoria Spivey and others. Haynes and Nina McKinney are the dominant personalities. The former has an exceedingly difficult role to do and seldom fails short of a remarkable performance.

"The Merry Wives of Windsor" and "Richard the Third" will be the initial productions. They will be presented in the new times at the auditorium of the University of California in Los Angeles during the first week in December.

# "Saturday Night Kid" Appears

Clara Bow

Portrays a slinky, plucky little shop girl in the film adapted from the comedy, "Love 'Em and Leave 'Em," which starts at the Paramount Theater today.

"The Drake Case" at Boulevard

The court holding the famous trial of "The Drake Case," reviewing all of the details of the mysterious murder of Mrs. Drake, will start today at the Boulevard Theater.

This case is said to be the weirdest and most unusual one to find its way to a motion-picture screen. All of the known methods of mystery murder stories have been reduced to a minimum, it is said, and new and novel angles to broaden and mislead the audience as to the real culprit.

Three important factors, new to talking pictures, are said to constitute a large part of the appeal of "Married in Hollywood."

The two leading characters, J. Harold Murray and Norma Harris, are both former stars of musical shows on Broadway, while the balance of the cast is likewise composed of New York stage favorites, including Tom Patricola, Walter Catlett, Irene Palast, and many others.

Second in the trio of unusual qualities is the cast of the film. The two leading characters, J. Harold Murray and Norma Harris, are both former stars of musical shows on Broadway, while the balance of the cast is likewise composed of New York stage favorites, including Tom Patricola, Walter Catlett, Irene Palast, and many others.

Third of the three factors is the Hollywood locale of the latter part of the film. In these scenes massive Hollywood sets are seen from a back-stage angle, and the public is likewise given its first glimpse of the making of talking pictures.

There is every reason for the wit and humor from the pen of A. A. Milne, whose comedy hit, "The Dover Road," opens at the Majestic Theater Tuesday night, being brilliant and original.

For nine years, from 1916 until the beginning of the World War, Milne was assistant editor of London Punch and in that capacity passed upon several millions of both good and bad jokes, sketches and cartoons. In fact, he gave his first trial opinion on a large proportion of the world's humor originating during the nine-year period.

The "Dover Road" is accredited as being Milne's smartest and most successful work. The play is a comedy farce of modern matrimony and romantic adventures of sophisticated. An all-star cast is headed by Edward Everett Horton, stage and film star, in the role of a wealthy, eccentric bachelor. Other notable names include Joan MacLean, Phil Tied, Mia Marvin, George Renavent and Fred Cummings.

The clan of Rogers has been invited to a gathering of the famous American-English family in honor of Will Rogers at the Carthy Circle Theater tonight. The Rogers clan numbers 250 in Los Angeles alone, the number of the number of invitations issued.

A committee from the Rogers clan consisting of eleven gentlemen, all named Will Rogers, but none of them the noted Will himself, will present Carl Ellnor, managing director of the Circle Theater, a copy of an old English engraving of the original Rogers.

Howard Estabrook is working on the fifth script in which William Powell will appear. "Under Cover," the New York stage success by Roy Cooper Magrue is the title of this Paramount star's newest opus, which is being prepared as an all-talking picture by Estabrook.

John Gilbert to Make Debut in Talking Films

John Gilbert's first talking film drama, "His Glorious Night," will start today at Loew's State Theater.

The picture was filmed right after his hero had courted and wedded his own real life bride, Tina Claire, and he was in a particularly romantic mood, it is said.

The story is Percival Molnar's play, "Olympia," and depicts the fervent courtship by dashing Capt. Kovacs of a princess of the blood.

She haughtily turns him when she learns he is of lowly birth and his clever strategy and sheer love making to overcome this barrier constitutes the rest of the story.

Katherine Dale Owen, beautiful Broadway star, is the princess and Hedda Hopper, Nance O'Hell, Doris Hill, Tyrrell Davis and Richard Caren are also in the cast. Franchot and Marco offer "Belly Songs" idea on the stage with George Stoll and the band, Penny Pennington, Rose Valdez, Red Corcoran and the Sun-kist beauties.

Chinese Offers Tin-Pan Alley Presentation

One of the most unusual programs ever presented at a Hollywood mid-night Frolic will take place Saturday night when all the song writers in Hollywood will gather at the Chinese Theater to pay tribute to the song writing team of Con Conrad, Sidney Mitchell and Archie Oetler, now under contract to Fox.

This trio have been responsible for many song hits, including "So Dear to Me," the theme song of "The Cock-Eyed World," "Margie," "Barney Oogie," "Good-Night," "Memory Lane," "I Hate to Lose You," and others.

Among those who will be present at the Hollywood Midnight Frolic are Irving Berlin, Herb Nacio Brown, Lou Alter, Charles Wakefield Cadman, Abel Baer, Wolfe Gilbert, Harlan Thompson, Jean Schwartz, Arthur Freed, Dave Stoll, Jesse Greer and others.

Con Conrad will act as master of ceremonies and in that capacity will present the song writers, who will play and sing their noted compositions. Conrad's jazz symphony known as the "Rhapsody of 1929," will be given.

Noted Director Responsible for "Gold Diggers"

Roy Del Ruth, one of the first to direct an all-talking picture, is also one of the first to direct an all-color and all-dialogue production.

"Gold Diggers of Broadway," Warner Brothers' Vitaphone musical hit which is filmed entirely in natural colors by a special process and now playing at Warner Brothers' Downtown Theater, is Del Ruth's second effort in this new medium.

"Gold Diggers of Broadway," adapted from Avery Hopwood's stage play, depicts a different side of Broadway's show world, disclosing the private lives of chorus girls and their resulting "sugar daddies."

Noted Players to Head Cast

R. D. MacLean, noted Shakespearean actor, and Francis X. Bushman, well-known stage and screen player, have been chosen to head the all-star cast of the first play to be given by the Shakespeare Foundation of California.

"The Merry Wives of Windsor" and "Richard the Third" will be the initial productions. They will be presented in the new times at the auditorium of the University of California in Los Angeles during the first week in December.

Noted Players to Head Cast

R. D. MacLean, noted Shakespearean actor, and Francis X. Bushman, well-known stage and screen player, have been chosen to head the all-star cast of the first play to be given by the Shakespeare Foundation of California.

Noted Players to Head Cast

R. D. MacLean, noted Shakespearean actor, and Francis X. Bushman, well-known stage and screen player, have been chosen to head the all-star cast of the first play to be given by the Shakespeare Foundation of California.

"The Merry Wives of Windsor" and "Richard the Third" will be the initial productions. They will be presented in the new times at the auditorium of the University of California in Los Angeles during the first week in December.

Noted Players to Head Cast

"The Merry Wives of Windsor" and "Richard the Third" will be the initial productions. They will be presented in the new times at the auditorium of the University of California in Los Angeles during the first week in December.

# STAR WILL RETURN TO FIRST LOVE

Nancy Welford Booked for  
Week's Engagement at  
Orpheum

Nancy Welford, the charming little star of "No, No, Nanette," who deserted the stage several months ago, for talking and musical pictures, returns for a limited engagement to vaudeville, sharing headline honors with James J. Corbett and Nell O'Brien at the R-K-O Orpheum, commencing Saturday.

It will be remembered that Miss Welford starred in other musical-comedy successes, singing principal feminine roles not only on the west coast, but also in New York and abroad.

Another interesting act scheduled for the Orpheum next week is the Norman Thomas Quintet, in a harmonic lambroes of fun, entitled "Harlem-mania." This quintet is the wife of Marion, it is said, and the leader is reported to be one of the prominent figures in Carl Van Vechten's novel, "Nigger Heaven."

Alice White

OPUS STARTS AT R-K-O.

First National Star Has Role of Counter Girl in New Film

"The Girl from Woodworth's" is Alice White's all-talking, musical drama opening at the R-K-O Theater today. Miss White sings and dances again, playing the part of a "five and ten" music counter girl who crashes the night club as an entertainer.

Charles Delaney is featured in the role of a subway guard, and others in the cast include Ben Hall, Wheeler Oakman and Ella Flynn. The picture was directed by William Desmond.

Charles Irwin, popular master of ceremonies, enters his sixth week in that capacity and threatens to outstrip local stage masses in length of time at one theater. The new R-K-O vaudeville revue includes Ewing Balon, Harrison and Dakin, held over for a second week, Sylvia Shore, Light and Cook, R-K-O-Olans jam band, and the R-K-O dancing girls.

Cabaret Plans Gala Premiere

Premieres are not exclusively for motion-picture epics. Now comes the cabaret premiere, a novelty being introduced by George Du Count, former film actor and sportsman, in connection with the gala opening Thursday night, of his new Russian Bear cabaret in the Christie Hotel, Hollywood. Seven stars will add a touch of the motion-picture premiere by attending, and are Laura La Plante, Myrna Loy, James Hall, Richard Dix, Victor McLaglen and a score of others.

The opening will have all the glamour of the motion-picture premiere with flashing sun arcs, radio announcements and decorations. The entertainment will constitute a vaudeville show with more than twenty artists, many of them celebrated in the Russian arts, appearing.

Children Score in "Marianne"

Four children, not one over 8 years of age, have made hits in "Marianne," Metro-Goldwyn-Mayer's screen musical comedy, starring Marion Davies at the Mayan Theater, that they are all in demand at the various studies for child roles, it is said.

These tiny tots were picked with great care by Robert L. Leonard, the director, for it was necessary that each of them should speak a few lines of French. Douglas Scott, one of the youngsters, was named Francis Flueny, but it was necessary to rehearse the other three children in their lines.

Author Receives Favorable News

Word has been received by Edgar J. MacGregor, well-known stage producer and playwright, that his latest musical play, "The Bride," has opened in Blackpool, Eng., prior to its London debut and is acclaimed a great success by English producers and critics.

"The Bride" was produced in Britain by Julian Wylie with the book by MacGregor and the music by Arthur Schwartz. MacGregor has staged the best of the musical New York production of "Follow Thru," the New York musical comedy sensation that starts at the Mason Opera-house here on the 27th inst.

WALLACE SCORES

Paramount's executives are halting with enthusiasm Richard Wallace's newest directorial effort, "Medals," based on J. M. Barrie's stage success, "The Old Lady Shows Her Medals." Wallace is said to have given surprise to his latest box-office triumph in this picture. "The Showgirl Angel" and "Innocents of Paris."

LOUISE FAZENDA CAST

Louise Fazenda is making an other short talking comedy for Christie, where she has a contract for six. The new one is titled, "So This Is Paris Green." Her last for Christie was "Hot Lemonade."

## MEXICAN GROUP FINISHES TOUR

Agricultural Officials Ready to Return South

Large Sums Spent in This Country During Trip

Huge Reclamation Program in Republic Described

Completing a tour of business calls in various American cities, where they spent several million dollars of government gold for agricultural improvements for Mexico, Marté R. Gomez, Secretary of Agriculture in the Portes Gil Cabinet, and Ruben T. Morales, member of the National Agrarian Commission of Mexico, will leave Los Angeles today for Baja California to inspect government reclamation projects there. The officials are accompanied on the trip by Luis Arturo Romo, executive secretary to Secretary Gomez. They are guests at the Billmore.

Enthusiastic about the Mexican government's present reclamation program, which they declared is the largest ever undertaken in their country, Gomez and Morales told of two huge agricultural projects now completed and of several more either under way or contemplated in various States of Mexico.

**LARGE SUMS SPENT**  
The project at El Monte, Tamalipas, Secretary Gomez said, embraces reclamation and irrigation of some 40,000 acres, practically all of which will be devoted to the production of cane sugar. More than \$5,000,000 has been spent on this project alone, he said.

"It was for the purpose of purchasing machinery and stock for this project that we have been in the United States for nearly a month," Commissioner Morales explained. "At Chicago we inspected and authorized the purchase of several carloads of fine American cattle, which we will import for breeding purposes. At St. Louis we completed arrangements for the purchase of machinery for the new sugar mill at El Monte. Approximately \$1,250,000 will be the price the government will pay for this equipment, which is to be delivered as rapidly as it can be turned out."

**COLONIZING PLANS MADE**  
Another reclamation project about completed is that at Don Martin, embracing 100,000 acres and which, like the El Monte and other projects, will be opened to colonization for the poorer classes of the country. It has been determined, the Mexican officials explained, that colonization work will be carried out on the basis of fifty acres to one family. The Don Martin job will cost approximately \$35,000,000. The Calles project, embracing 1,000,000 acres, and the Yaqui project, covering a similar acreage, now are in preparation, it was explained.

"Two additional projects, both in Lower California, are well under way and it is for the purpose of inspecting these and to confer with Gov. Rodrigues that the officials will leave for the south today. Questions concerning the widely discussed labor bill that now is before the Mexican Senate, both Secretary Gomez and Commissioner Morales evinced a desire to avoid its discussion.

**NOT COMMUNISTIC**  
"It is a delicate situation and has been discussed very considerably by American newspapers. There are many in this country who regard the labor bill as being highly Communistic in its nature and not favorable to capital. This is not correct, as developments will prove," Secretary Gomez said.

"Every angle and line in the proposed law is being carefully studied by the best minds in Mexico and when it is finally adopted it will be seen that the law is beneficial to labor and capital alike. The provisions are liberal from a labor standpoint. They provide, among other things, for vacations for the employee, a definite period of notice before an employee can be discharged, and there also will be a clause providing for a minimum wage. But this wage question, it is provided, will be settled by the various municipalities or districts where labor is employed," the official declared.

Neither official would discuss the forthcoming Presidential election nor the political situation at Mexico City. Secretary Gomez, who is here for the first time, expressed delight to find the climate of Southern California all that has been asserted for it. Before their departure today the officials will visit one or more of the motion-picture studios.

**"EFFICIENCY" TALK TOPIC**

Business efficiency will be the subject of Roy A. Knox's talk to members of the Junior Chamber of Commerce at their luncheon-meeting today at the Billmore. Knox heads the City Bureau of Efficiency. The Don Lee radio station, KED, will broadcast the program, which includes Ralph Arnold's Ship Cafe entertainers. The California songbirds, Bell Coates and Bates, and Spike Jones and his orchestra, are also programmed. Chairman Chert-

It was from beneath the bedroom floor of the Rhoads home that police dug up the body of 16-year-old Wills Rhoads two weeks ago. She and her mother were members of the Divine Order of the Royal Arms of the Great Eleven, the cult led by Mrs. May Ode Blackburn, now held to answer to twelve counts of grand theft on complaint of Clifford Dabney, Beverly Hills oil operator, formerly a cult member with the title "Hereafter and Now."

Although police expressed no concern over the Rhoads failure to return to their home, friends were attempting to locate them last night.

Possibility that Mrs. Ruth Wileland-Rhoads, Mrs. Blackburn's daughter, who was not held to answer with her mother on Dabney's charges because of insufficient evidence, will be retried on burko charges, was indicated by investigators last night.

Capt. Thompson, head of the police burko squad, said that the grand jury probably will investigate the cult and that his men will aid the jury.

Although the homicide angle of the case on the fate of Benjamin Rhoads, missing husband of Ruth, has not been officially closed, investigation has practically stopped.

## THREE HELD FOR TRAFFIC TRAGEDIES

Auto Death Toll Here and in Long Beach Causes Police to Take Action

Following the killing of a man in a traffic accident last night, a motorist was held by police on suspicion of manslaughter, while another driver was arrested charged with suspicion of a traffic death on Monday. A third motorist was arrested for investigation of manslaughter following a death in Long Beach last night.

Isaac Abandara, 35 years of age, a florist who lived at 3448 Seventh avenue, was run down and killed last night while he was walking across the street at Fifty-fourth street and Angelus Mesa Drive. Police arrested Joseph E. Isard, 43, of 1942 East Twenty-eighth street, Long Beach, on suspicion of manslaughter, following this death. Isard asserted that Abandara started across the street, suddenly turned back, stepping into the path of the car.

Elida Layton, 33-year-old, asserted that she was run down and killed last night while she was walking across the street at Fifty-fourth street and Angelus Mesa Drive. Police arrested Joseph E. Isard, 43, of 1942 East Twenty-eighth street, Long Beach, on suspicion of manslaughter, following this death. Isard asserted that Abandara started across the street, suddenly turned back, stepping into the path of the car.

According to Deputy Sheriff Gil Bladell, who was assigned by Capt. William J. Bright to investigate the case, Layton drove an automobile owned by Mrs. Van McKinney of 140 Wilshire Boulevard. Beverly Hills. Isard, suffering from a fractured skull, near by stood his car and the one asserted to have been driven by Layton, which had been abandoned.

Request will be conducted at the Coroner's office at 1:30 p.m. tomorrow to establish the cause of Elida's death.

## CULT PAIR DISAPPEAR FROM BEACH

Mrs. Rhoads, Again May be Detained, Investigators of Oil Man's Charges Say

Since their release from jail on Tuesday, where they were held during investigation into the circumstances surrounding the death and preservation on ice of their foster daughter's body, Mr. and Mrs. Walter Rhoads have not returned to their Venice bungalow at 1004 Mar-co Place. It was learned from Venice police last night.

It was from beneath the bedroom floor of the Rhoads home that police dug up the body of 16-year-old Wills Rhoads two weeks ago. She and her mother were members of the Divine Order of the Royal Arms of the Great Eleven, the cult led by Mrs. May Ode Blackburn, now held to answer to twelve counts of grand theft on complaint of Clifford Dabney, Beverly Hills oil operator, formerly a cult member with the title "Hereafter and Now."

Although police expressed no concern over the Rhoads failure to return to their home, friends were attempting to locate them last night.

Possibility that Mrs. Ruth Wileland-Rhoads, Mrs. Blackburn's daughter, who was not held to answer with her mother on Dabney's charges because of insufficient evidence, will be retried on burko charges, was indicated by investigators last night.

Capt. Thompson, head of the police burko squad, said that the grand jury probably will investigate the cult and that his men will aid the jury.

Although the homicide angle of the case on the fate of Benjamin Rhoads, missing husband of Ruth, has not been officially closed, investigation has practically stopped.

## MILITIA CHIEFS MEETING TODAY

National Guard Association Convention to Open

Ball Stated for Tomorrow to be Brilliant Fete

Banquet Saturday Evening Will Close Conclave

A military ball, which promises to set a mark for brilliance of coloring the splendor of uniforms and gowns will be one of the outstanding features of the annual convention of the National Guard Association of the United States, which opens at the Ambassador today. The military ball, set for tomorrow evening, will be the outstanding social event of the convention and will be attended by the ranking officers of the National Guard organizations of nearly every State in the Union.

Musical by the One Hundred and Sixtieth Infantry Regiment Band, "Los Angeles Own," and entertainment features provided by the West Coast Theaters will be features of the brilliant event.

Other social events connected with the convention will include the annual banquet of the association, to be held at the Ambassador Saturday night. Addresses by retiring and incoming officers of the organization, and entertainment provided by the M.C.-M. studios, with Gus Edwards as master of ceremonies, are scheduled.

**CHAMBER TO BE HOST**

Tomorrow morning the visiting military delegates, some 300 in number, will be guests at the Breakfast Club, with the Los Angeles Chamber of Commerce playing host. A sports tea at the Ambassador for ladies will be given Friday afternoon, and on Saturday morning a motor-bus tour of the city will be provided for the ladies.

Practically all of the delegates to the annual gathering of the national organization had arrived last night in preparation for the opening session at the Ambassador Tuesday night at 10 p.m. The convention will be called to order by Brig.-Gen. Walsh of Minnesota, president of the association.

**WELCOME ADDRESS**

An address welcoming the military men to Los Angeles and to California will be delivered by Lieut.-Gov. Carnahan, who will represent the Governor. Following organization work, addresses will be delivered by several of the country's outstanding State militia leaders and officers of the United States Army. Convention committees will be named, after which a recess will be taken until 2 p.m. This latter session will be given over to reports of various officers, an address by Maj.-Gen. Barrows, commanding general, Fortieth Division, and to introduction of resolutions.

Election of officers for 1930 and the ceremony of induction into office are among the features on the program for Saturday, the final day of the convention.

**ARIZONA SENDING SEVEN DELEGATES**

PHOENIX, Oct. 16. (AP)—When the annual convention of the National Guard Association of the United States opens in Los Angeles tomorrow, Arizona will be represented by seven delegates. It was announced at guard headquarters today.

Included in the Arizona delegation will be Brig.-Gen. A. M. Tuttle, commander of the Eighty-ninth Brigade; Col. Joseph F. Pomeroy, adjutant-general of Arizona; Maj. Rollin Shaw, United States property and disbursing officer; Col. Charles W. Harris; Capt. Wilson D. Wood and Lieut. Dallas C. Warren, Tucson, and Capt. James S. Forrest of Yuma.

# "Pop" Warner Focuses Attention of Stanford Warriors on Oregon State

## TROJAN PLAYS PIGEON-HOLED

Card Coach Gets Men Set for Beaver Game

Invasion May Offer Real Threat on Saturday

Heiser Will be Ready for Scrimmage Monday

STANFORD UNIVERSITY, Oct. 16.—Abandoning for the time being, at least, practice in meeting the offense of Southern California, Pop Warner today focused his attention on the coming Oregon State tilt here Saturday.

Warner, in his first of a second string running through plays and added dummy practice to toughen them. Up until the last of the week, the big problem of the team, stopping the S.C. attack, became the main thing today.

Warner started the campaign against the Beavers. He used Guido Caselli as second-string halfback today and showed him evidence of having decided to give this powerful looking back a chance to work part of the time Saturday.

Since O.S.U. scored on the Trojan, about on a 70-yard run by Quarterback Nutter, the Staters offer a real threat. Since 1919, the Commodore have been trying vainly to bomb the Cards and last year when they had their strongest team in years, Stanford was not on the schedule.

Although all-American Howard Maple is gone, who has been in the backfield, and Striff, nifty end, are still doing their stuff for Coach Paul Schlatter, the team may enter the situation to even the odds which now favor the Cardinals. An overseas stay today appeared to mean business.

Pete Heiser, right guard who was injured in the U.C.L.A. tilt last Saturday, returned from Los Angeles today. He is expected to be pronounced by the team physician to be in need of a three weeks' rest in the hospital. Heiser reported with the information that Dr. C. H. Spencer, celebrated Los Angeles osteopath, who had taken care of his knee over the week-end, has said he will be able to scrimmage next Monday in order to be ready for the S.C. game. Heiser is governing himself by Dr. Spencer's advice.

Coach Paul Schlatter, left end, worked in signal practice today after a two weeks' layoff with an injured knee. Bill Stinkins was in uniform, but did not work out.

## OREGON STAYS JOURNEY SOUTH

CORVALLIS, Ore., Oct. 16.—Completing their training in a heavy rain, thirty-three members of the Oregon State football squad are trained here tonight for Palo Alto with the cheer of the student body ringing in their ears and demanding success in their encounter with the mighty Stanford machine on Saturday.

The squad, without exception, was in high spirits, determined, if possible, to break the steady string of northern defeats at the hands of California's Big Three.

Coach Paul Schlatter, before departing, announced he probably would start the following line-up in Saturday's game:

Striff and McCallip, ends; Byington and Stout, tackles; Cox and Scott, guards; Geddes, center; Burke, quarter; Kerr and Hughes, halves; and Gilmore (captain) fullback.

## King Tut Loses Scrap on Foul

CHICAGO, Oct. 16.—King Tut of Minnesota, formidable challenger for the world's lightweight championship, lost on a foul to Lope Tenorio, Filipino warrior, in the first round of their scheduled ten-round bout in the Chicago Stadium tonight.

Tut, unambiguously handed a left hook low in the territory and before Dave Barry dislodged him.

The weaving Minneapolis lightweight had all the better of the fighting until the foul was delivered. He had Tenorio in full retreat, driving him around the ring with a fierce attack to the body. Tenorio, seeking to escape, backed into the ropes with Tut leaning after him. Tut cut loose with a low punch and Tenorio sank to the floor, rolling over on his back. He was unable to continue. He weighed 140, and Tenorio 138 3/4.

Peter Meyers, rangy 150-pounder from San Francisco, defeated Bobby O'Brien, Argentine (Ga.) southpaw in another ten-rounder, splitting him twice. Meyers upset the Georgian in the first round for a count of two with a sharp right cross and repeated in the seventh, flooring him for a count of eight. Meyers weighed 153 pounds and O'Brien 164.

Solly Behrman, Chicago bantamweight, outscored Johnny Burns, a Notre Dame student, in five rounds.

In the semi-wind-up of ten rounds, Babe Hunt, of Ponca City, Okla., six feet, four inches and as thin as a stick, pounded out an unpopular heavyweight. Hunt scaled 188 and Friedman 178 1/2. Friedman forced the fighting, with Hunt lying back waiting to counter.

## RABBIT PUNCHES

PAUL LOWEY

FIGHTS THE WILDCAT

M. GASTON BASTANCHURY was the honored guest at his own guest house yesterday. On the Brea ranch that he has turned over to Ed Hudkins for training purposes he watched the Nebraska Wildcat in preparation for his championship match with Mickey Walker.

"Best middleweight I've ever seen in action," quoth Mr. Bastanchury as the Wildcat finished five savage rounds with a couple of willing but badly battered sparring partners.

"Get a little chicken feed in your pocket I'll put down on the Wildcat against Walker. If you know anybody with \$5000 or so who wants to back Walker just tell him to call on me."

And forthwith Mr. Bastanchury departed with his friends—the Messrs. Standish and Browning and Sam Oxnard—to visit other spots on his feeding acres that spread across the country surrounding Brea.

To date Mr. Bastanchury has emerged fifty-fifty on his selection of fighters who have trained on his ranch. His countryman, Paulino Ureduen, the squat Basque, dropped a verdict to George Godfrey, but Ted Morgan, the second man to train on the Brea acres, was an easy victor over Baby Sal.

The Ureduen fight was the stepping stone to Mr. Bastanchury's renewal of interest in the fight game. Previous to the arrival of Ureduen from Mr. Bastanchury had retired on athletic laurels he gained at old St. Vincent's, evincing little interest in other sports.

But the Ureduen-Godfrey fight brought him out of his orange groves, and he has been a hot dog ever since. He purchased about 5000 tickets for the Ureduen fight, which he distributed to employees and friends.

THE FIGHTING KING

MR. THOMAS KENNEDY was one of the Brea visitors yesterday. He has been casting an eagle eye over both the gladiators for the forthcoming battle, preparing to make a momentous prediction at the proper moment.

In his last fighting days Mr. Kennedy never attained glided realism, but since his retirement he has gained real championship laurels.

He can extend any man three to one between Super's ranch at Ojai and the Bastanchury ranch. Native of those spots will testify to his reputation after watching him make savage attacks on the fighters at both establishments.

Before he commenced the calling campaign yesterday Mr. Kennedy went on record to the effect that the Wildcat, after only three weeks with the gloves, is much stronger than a week ago, when he had his first sparring session.

One sparring partner—Charles Long, the black boy—already is on the injured list with a badly mangled jaw, and it looks as if others will follow him into oblivion.

But as for making a final decision on the victor of the Wright Field skirmish Mr. Kennedy is unprepared—as yet.

He stands on his rights to reserve opinion until further notice.

## KENEALY FAR IN LEAD FOR DIRT-TRACK TITLE

Although Mel Kenealy, local dirt-track auto-racing driver, has a tremendous lead on competitors in the race for the 1935 championship of the Southwest, there still remains a possibility that he will be passed before the prize is awarded on January 1, next, it was announced yesterday. Figures released by A. C. Pillsbury of the A.A.A. show that Kenealy has 400 points to his credit as against 180 held by Earl Triplet, the Belvedere daredevil, who is his nearest rival.

However, it is pointed out that Kenealy piled up one of the most sensational winning streaks ever enacted here before he was defeated two weeks ago in the race won by "Speed" Hinkley of Pasadena. Also, it is stated that Earl Triplet, Babe Stapp, Francis Quinn, Johnny Krieger and several others practically forfeited any chance to win the driver's honors here when they took their cars and went East to compete at Indianapolis, Alabama and other tracks.

New with the bulk of the opposition back on the track, the fighting for the 1935 championship is expected to be hot during the next two months. The 100-mile race, held at the Los Angeles track, is expected to be the most important event for the programs at the Speedway are giving drivers a good opportunity to advance their point standings. Inasmuch as points go to the victor in each long-distance grid.

Bill Heiser, the red-headed Hawthorne south, is ranking third with 155 points, and Walt May is fourth with 154.

"Speed" Hinkley is up in fifth position as a result of his victory in the 100-mile contest two weeks ago. He jumped from seventh up to his present place by grabbing the honors in that race and now has a total of 140 points to his credit.

Sunday's program includes the 100-mile feature, a twenty-four-hour endurance race, a ten-mile motorcycle contest, and a motorcycle vs. automobile dash of five laps.

Ten-Goal Polo Rating Handed Winston Guest

NEW YORK, Oct. 16.—(AP)—Winston Guest, former Yale polo captain, today became the first ten-goal player in the history of the indoor game. Only one other player in the world—Tommy Hitchcock—holds the coveted ten-goal ranking, indoors or out.

Guest's elevation to the pinnacle was announced after the annual meeting of the Indoor Polo Association of the United States. In the new handicap list adopted, Gerard S. Smith of the Brooklyn Riding and Driving Club, and Archer W. Kimmey, treasurer of the association, with whom Guest was bracketed in last year's rating, remain at nine goals.

In open-air play Guest, whose hard-hitting and skill have made him one of America's foremost polo internationalists, is ranked at nine goals, second only to Hitchcock.

A radical change in the type of ball used in the playing of indoor polo was announced. Because of the expectation of greater accuracy with the new ball, it was also recommended that the size of the goal should be reduced "to prevent a flood of increased scoring."

The new official ball is made of sponge rubber composition encased in a leather cover in which there is a single seam. It replaces the padded ball.

## Fordham Grid Mentor Ready to Move Again

NEW YORK, Oct. 16.—(AP)—May Frank Cavanaugh is serving his last season as head football coach at Fordham University, he said today.

The kindly major, who has coached at Holy Cross, Dartmouth and Boston College as well as the Denver Athletic Club, University of Cincinnati, and Worcester Tech, simply feels that it is time he was on the march.

"I don't want to die here," he remarked. This is his third year at Fordham and so far his most successful one.

Just where he will go next even he himself knows, he said, but he is not ready to give up football. The eye trouble that handicapped him last season is cured and he feels equal to several more years of active coaching.

The Fordham team sprang a surprise Saturday by smothering New York University, 24-0, in its most notable victory since Cavanaugh took charge.

## GUERRERO GETS FISTIC CHANCE

Mexican May Go Up Ladder if He Beats Marcus

The Mexican lightweight champion, Joe Guerrero, may be the next great fighter to be turned out at the Hollywood American Legion Stadium.

Guerrero, a native of Mexico, has been looking for a good fight since he was defeated by a young American, who has been looking for a good fight since he was defeated by a young American.

Guerrero is a native of Mexico, and he is a very good fighter. He has been looking for a good fight since he was defeated by a young American.

## FINAL NIGHT GAME CARDED

Bruins Favored to Down Caltech Eleven

Stanton Set to Surprise Westwood Squad

Has Speedy Set of Backs Ready for Tilt

Followers of night football will be served the season's final after-dinner treat tomorrow night at the Pasadena Rose Bowl when U.C.L.A. and Caltech tangle in what appears to be one of the most interesting contests yet staged under the Pasadena flag.

Despite defeat suffered by the Bruins by a lop-sided score at the hands of Stanford last Saturday, the Bruins are in for an interesting evening.

It will be remembered that last year's game did very much for the Bruins. She managed to defeat all other Southern California Conference teams, but when the Bruins met Caltech, she was defeated.

Stanton, who was defeated by the Bruins last Saturday, is expected to be a factor in the game.

## LEWIS ADOPTS FOOTBALL

Strangler Schedules Workout at Board Field With Trojan Pigskinners

Ed (Strangler) Lewis, the former world's wrestling champion, who will make his second attempt to win the title back from Gus Sonnenberg, met today when they clash at the Olympic, Wednesday night, is scheduled for his first real lesson in the art of evading flying tackles this afternoon.

According to plans completed yesterday, Lewis is scheduled for a workout at Board Field for this afternoon under the personal direction of Howard Jones, U.S. O. football coach.

Lewis will try to learn enough about the tackle this afternoon to not only be the first to successfully evade a tackle, but to be the first to successfully evade a tackle.

Lewis will try to learn enough about the tackle this afternoon to not only be the first to successfully evade a tackle, but to be the first to successfully evade a tackle.

## GRIDDERS SEEK REVENGE

Half-Dozen Teams Out to Avenge Defeats Suffered Last Season in Next Saturday's Games

BY HERBERT W. BARKER  
Associated Press Staff Writer

NEW YORK, Oct. 16. (AP)—A half dozen eastern college football teams feel they've improved just about enough since last year to turn the tables Saturday on rivals who finished on the long end of the score in 1928.

In this list might be found such teams as Harvard, Cornell, Columbia, Washington and Jefferson.

Harvard lost to Army last year, 15-6, for the first time in nearly a century.

But this year's season of stopping the Army back to West Point on the short end of the score.

Brown, which was defeated by Princeton last year, 19-0, for the first time in nearly a century.

But this year's season of stopping the Princeton back to Princeton on the short end of the score.

Yale, which was defeated by Princeton last year, 19-0, for the first time in nearly a century.

But this year's season of stopping the Princeton back to Princeton on the short end of the score.

Yale, which was defeated by Princeton last year, 19-0, for the first time in nearly a century.

## Mercuries to Stage Junior Squash Finals

Finals in the national junior squash tournament will be staged tomorrow by the L.A.A.C. Ackley and Mullin of the Mercury club will face Aubrey Jones and Wilson Jones of the University Club tomorrow evening on the Mercury club court.

Ackley and Mullin won their way to the finals by virtue of a thrilling 21-15, 16-21, 21-2 victory over McWilliams and Hopper of the Hollywood Athletic Club. Jones and Wilson won in straight sets, 21-14, 21-12.

There are all sorts of permutations and combinations in the football attack advocated by "Pat" Spears, M.D., coach of the Minnesota Gophers. But the big idea is to punch. Dr. Spears evidently believes that the shortest distance from the point where his Gophers get the ball to the goal-line is a straight line.

Note, as proof, this play. Ball comes back to No. 1 back, who spins and goes through all the motions of passing it to No. 4. No. 4 rushes past to his rear. No. 1 then completes his turn and jama his way into the short side of the line, led by No. 2. No. 3 meantime jumps into the breach to help his end box the opposing left tackle out of the course of the play.

All summer plays are alike in principle. A back swings past the center with the ball, takes taking it from him and is off on what looks like an end run. Instead, the original player with the ball secretly holds onto it and strikes for another sector in the defensive line. In short, the idea is to hit the defense where they are not expecting the blow.

## LOYOLA GRIDDERS WORK HARD FOR FIREMEN TILT SATURDAY

Captain Bill Driver and his Loyola Lions are favorites to down their old rivals, the L. A. Firemen, at Wrigley Field next Saturday. The Lions are pointing for this game and are out to continue their string of victories over the Smoke Eaters. The Firemen have been defeated by the Loyola twice in the last two years. Both times by comfortable scores. This year, however, Coach Bill Blewett has the strongest team he has ever had. His team is composed of former college stars which, to date, has played four hard games, winning every one without difficulty. Although Loyola lost its first game of the 1929 season last Saturday, the Lions are back at practice, working harder than ever endeavoring to strengthen the weak points which stood out against the Arizona State eleven. Bernie Donahue, the Loyola captain, lays the defeat to the high altitude and the long bus ride. He says the men were just too tired to play.

## JONES TELLS OF DAYS AT YALE

When Howard Returned to Eli in 1913 He Found Blue Teams Losing Prestige to Harvard; Invented New System That Year and Bulldogs Held Tilters to 3-3 Tie

BY HOWARD JONES  
Football Coach University of Southern California

(Copyright, 1929, by North American Newspaper Alliance)

Before taking charge of the Yale team again in 1913 I served one year as head coach at Ohio State University in 1910. Ohio State at that time was not a team.

I selected the year 1913 at Yale for this article because it was quite different from my 1909 experience there. Yale had been struggling unsuccessfully for several years.

Yale had been struggling unsuccessfully for several years. The previous two or three seasons to maintain the prestige she had held for years.

She was having difficulty defeating smaller colleges, and Harvard, under the late Percy Haughton, was taking Yale's place in the East. It was tricky. Yale, instead of Cuy and others at Yale who had stood out so prominently.

It was humiliating to me to have the University of Massachusetts holding us to a 6-0 score, and it looked as though the little reputation I had gained as a coach would go down the drain.

If a team was not successful in that age at Yale, to most followers it could only be the fault of the coach.

Believing the material was not of the caliber that I decided to use a system of attack different from anything

# A CHUCKLE FOR EVERYBODY

## THE BEASTS OF TARZAN

By Edgar Rice Burroughs

Though in danger of being swept to sea, he finally succeeded in making the shore far down the bay and upon the opposite side from that on which the beasts of Taran stood snarling and roaring. Jane felt she had no further fear of attack by him. She knew that alone and unaided he could not bring his heavy craft back upstream to the Kincaid. But toward evening she was suddenly alarmed by a wild din on shore.

Then on the opposite bank the shouting of the Russian attracted her attention. She saw him frantically waving his tattered shirt above his head as if to signal something. She followed the direction of his gaze and a moment later she was terrified to see a ship's boat coming down the stream. In it she felt certain there could only be members of the Kincaid's missing crew—only fearless Russians and snipers.
